Bulk Apples For Further Processing, SOLICITATION NO: 2000006190

The U.S. Department of Agriculture (USDA) invites offers to sell Bulk Apples for Further Processing pursuant to the AMS Master Solicitation for use in the National School Lunch Program and other Federal Food and Nutrition Assistance Programs. Acceptances will be announced by midnight, Wednesday, July 24, 2019. Deliveries are to be made between October 15, 2019 and March 31, 2020.

(110149) APPLES FOR FURTHER PROCESSING # BULK is a 100% Total Small Business Set-Aside. NAICS Code 311991 with a size standard of 500 employees or less.

A. Product Origin

Commodities delivered pursuant to awards under this Solicitation shall have originated from crops that have been 100 percent grown, processed, and packed in the United States, its territories or possessions, the Commonwealth of Puerto Rico, or the Trust Territories of the Pacific Islands, (hereinafter referred to as the United States). See Section I.E. of the Master Solicitation. If the contractor handles any commodity originating from sources other than the United States, the contractor must have a written plan to segregate the commodity. This segregation plan will include an identification and record system for all commodities to ensure they are completely segregated and cannot be used to fulfill purchase orders awarded by USDA. Such segregation plan must be made available, within 10 days of purchase order award, to representatives of the Agricultural Marketing Service (AMS). The contractor must maintain positive written documentation records evidencing 100 percent domestic origin to the grower level. Contractors must also ensure that the documentation provided by any subcontractors demonstrates the same level of traceability. The burden of proof of compliance is on the contractor. Documentation may include load or warehouse storage receipts for raw product (i.e., bin tags), product blend (formulation) records, product coding explanations, finished product warehousing records, shipping or payment records, or other documentation or evidence that clearly establishes the product's domestic origin. Contractors must provide the domestic origin certification and supporting documentation records to representatives of the AMS Fruit and Vegetable Programs, Fresh Products Division (USDA Grader) when requesting inspection service. USDA graders will select and review at least one code for each purchase order to determine compliance with the Agency's domestic origin requirements. Such records must be available for review by the Government in accordance with FAR 52.214-26. In the event of an audit, AMS auditors will examine as many codes as is necessary to verify compliance. Self-certifications by contractors and subcontractors will not be accepted. Failure to observe this requirement may lead to suspension or debarment, purchase order termination, and penalties at Title 18, Section 1001 of the U.S. Code concerning falsification of information.

B. Packing Season

All fresh fruit must be from the current packing season/crop year.

All scopes of the audit applicable to the operation must be completed. A copy of the GAP& GHP Audit Verification checklist is available on the USDA website at www.ams.usda.gov/gapghp, or from your local USDA or Federal-State inspection office.

D. Inspection Requirements

Inspection must be performed at destination by the USDA, AMS, Fruit and Vegetable Programs, Fresh Products Division (USDA Grader) (see Section X of the Master Solicitation).
