As a result of the Check loading Phase Out Program, the requirements for check loading Canned Dried Bean by USDA inspectors outlined in the attached Commodity Specifications are NO LONGER applicable. Note- Check loading may still be performed on all, or part of the deliveries at the request and expense of the contractor; however, it is not required for Canned Dried Beans awarded under this solicitation. Also, SCI will conduct periodic verifications of the vendors commercial practices to ensure they meet the contractual requirements.

The Quantity Tolerance section of the specification document, "Contractor will be allowed a tolerance on the final delivery of plus or minus 50 cases of each product, from each shipping point named in the purchase order", is not applicable to this solicitation. USDA will not pay for any cases exceeding the contracted quantity.

Offerors who intend to use more than one processing plant and shipping point for contracts awarded under this solicitation, other than the processing plant and shipping point entered in their bids, may submit a list of their approved processing plants and shipping points on a separate sheet of paper to be uploaded in WBSCM, and to be submitted with their bids.

This Solicitation may show multiple stops on some line items; however, the number of stops will be limited to a maximum of three. To determine the number of destinations, review the "Tendering Text" for the lot, which will indicate the City and State for each stop. Bidders may submit different prices for each stop. However, a price is required on all line items within the lot.

For offshore destinations (Puerto Rico, Hawaii, etc.), offerors have the option to choose to enter their bids direct to the offshore destination or to the port.
