certification requirements after the product is delivered, the following courses of action will apply:

1. A cure notice shall be issued informing the contractor of their failure to comply with the required elements of this solicitation. The USDA will then deduct a 50% discount from the invoice for all noncompliant deliveries shipped or invoiced prior to the date listed on the cure notice.
2. If the contractor ships noncompliant product after the date of the cure notice:
 - a. USDA/AMS will deduct a 50% discount from the invoice for all noncompliant deliveries;
 - b. The contract will be terminated for cause; and

This solicitation may show multiple stops on some line items; however, the number of stops will be limited to a maximum of three. To determine the number of destinations, review the "Tendering Text" for the lot, which will indicate the City and State for each stop. Bidders may submit different prices for each stop. However, a price is required on all line items within the lot.

For offshore destinations (Puerto Rico, Hawaii, etc.), offerors have the option to choose to enter their bids direct to the offshore destination or to the port.

Purchases will be made on an f.o.b. destination basis to cities on this solicitation. Destination quantities listed are estimates and subject to adjustment based on offerings, changes in recipient needs, market conditions, and program operations.

All prime vendors are reminded that they are prohibited from subcontracting with companies or individuals that have been suspended or debarred.

Offers must be submitted electronically via the Web-Based Supply Chain Management System (WBSCM). Offers submitted by any means other than WBSCM will be deemed nonresponsive. Offerors must be active in WBSCM and have the required bidder roles in order to submit offers under this solicitation. Once connected, follow the online procedures. A "HELP" button provides detailed instructions or call (202) 720-4517 for assistance.

For a new-to-USDA contractor and existing contractors who are bidding on new products, a probationary period may be implemented in which awards are limited to 10 truckloads per product. Contractor must demonstrate successful delivery of at least five (5) truckloads of product to be removed from probationary status on future solicitations. For the purposes of this rule, successful delivery is defined as product delivered on-time and in acceptable condition according to the terms and conditions of the contract. Any delivery problems directly attributable to the Government will not be held against the contractor.

Offerors are cautioned to bid only quantities they can reasonably expect to produce and deliver.
