Livestock Weighted Average Report for 11/19/2024 - Final

**AUCTION**

	This Week	Last Reported 11/12/2024	Last Year
<b>Total Receipts:</b>	3,179	5,052	2,203
<b>Feeder Cattle:</b>	1,812(57.0%)	3,502(69.3%)	1,169(53.1%)
<b>Slaughter Cattle:</b>	664(20.9%)	955(18.9%)	778(35.3%)
<b>Replacement Cattle:</b>	703(22.1%)	595(11.8%)	256(11.6%)

Compared to last week: Steer calves under 500 lbs sold mostly 5.00-10.00 higher. 500-649 lbs steers sold mostly steady to 5.00 higher, steers over 650 lbs were not well compared, higher undertones were noticed. Heifers under 400 lbs were too lightly tested to develop an accurate market trend, however higher undertones were noticed; heifers 400-549 lbs sold mostly steady to 10.00 higher; heifers over 550 lbs were too lightly tested to develop an accurate market trend, higher undertones were noticed. Yearling steers and heifers were too lightly tested to develop an accurate market trend, however higher undertones were noticed on heifers, steers were not well compared. Calf quality was mostly average to very attractive, however quality as a whole was not as attractive as last week. Load lots sold on very good demand this week. Load lot offerings were very attractive this week. All buyers were more aggressive as they bid on offerings and tried to fill loads. Demand for high quality heifers was mostly good this sale. Several buyers purchased heifers to feed and sort for replacements. Market activity was mostly active today with a large buyer pool noticed. Weigh up cows sold on mixed demand for heavy offerings. Demand for slaughter cows was light while feeding cows sold on mostly moderate to good demand. Slaughter cows sold generally steady to weak in a very narrow comparison on all classes. Feeding cow demand remains moderate to good. Much like last week feeding cow demand was slightly uneven. Demand started out the day mostly good, however demand moderated as buyers filled loads and exited the market. This led to wide price spreads at times, especially on lean cows. Private buyers continue to buy slightly lame or slightly blemished cows to but away on feed. Packer buyers were also active and buying slightly lame or blemished cows to put away to feed for the upcoming holidays. Feeding cows sold steady to firm on high quality cows suitable to feed to premium white. Thin feeding cows sold mostly steady to 2.00 lower. Cow quality this week was mixed from plain to attractive. Slaughter bulls sold mostly 2.00-6.00 lower in a narrow comparison. Weigh up conditions were mostly average this week. Young cows suitable to feed or rebreed sold mostly steady to 5.00 lower. A large offering of heavy weight (1050-1300 lbs) young cows sold this week. Most of these cows were just out of the reach of packers looking for high quality feeding cows. Many of these cows were purchased to feed, pregnancy check or make receipt cows and buyers gave these offerings just enough premium to keep them out of packers hands. Young age cows sold on moderate to good demand for moderate to heavy offerings. Quality was mostly average to attractive today and overall not as attractive as last week. Supply included: 57% Feeder Cattle (52% Steers, 48% Heifers, 0% Bulls); 21% Slaughter Cattle (93% Cows, 6% Bulls, 0% Dairy Cows); 22% Replacement Cattle (51% Stock Cows, 49% Bred Cows). Feeder cattle supply over 600 lbs was 24%.

**Please Note:**

The above USDA LPGMN price report is reflective of the majority of classes and grades of livestock offered for sale. There may be instances where some sales do not fit within reporting guidelines and therefore will not be included in the report. Prices are reported on an FOB basis, unless otherwise noted.

**Explanatory Notes:**

Stage (Cattle) - Represents pregnancy stage (O = open; T1 = 1st Trimester, 1 to 3 months; T1-2 = 1st/2nd trimester, 1 to 6 months; T2 = 2nd Trimester, 4 to 6 months; T2-3 = 2nd/3rd Trimester, 4 to 9 months; T3 = 3rd Trimester, 7 to 9 months; T1-3 = all trimesters, 1 to 9 months)

Age - Numerical representation of age in years.
