Compared to last week: Steer calves under 350 were too lightly tested to develop an accurate market trend, however higher undertones were noticed. Steer calves 350-549 lbs sold mostly 10.00-15.00 higher, 550-649 lbs steers sold 5.00-10.00 higher, steers over 650 sold generally steady. Heifer calves under 450 lbs sold steady to weak on a lower quality offering; heifers 450 lbs and heavier sold mostly steady to 5.00 higher. Yearling steers and heifers were too lightly tested last week to develop any market trend. Load lots of yearlings continue to sell on good to very good demand while small lots sold with large discounts to load lots and part loads. Packages sizes under 5 head sold with significantly lighter demand compared to larger consignments. Calf quality this week was mixed from plain to very attractive. Demand was mostly moderate to very good. Load lots of calves sold on very good demand. Several Canadian buyers were very active this week buying mostly 500 to 650 lbs steers. This weight sold with the best demand this week, even outpacing light weight calves suitable to develop into yearlings. Many of these offerings are shipping north to be fed in Canada. Most lightweight calves continue to go south to wheat pastures or west to California to grass. CME positions saw sharply higher movement late this past week. The November contract closed Friday at 251.10, 5.675 higher than last Fridays close; The January contract closed Friday at 247.225, 5.80 higher than last Fridays close. Market activity this week was mostly active, with good participation seen from bidders both ringside as well as over the internet. Weigh up cows and bulls sold on mostly light to moderate demand for heavy offerings. Packers showed mostly light demand for slaughter cows this week. Slaughter cows sold steady to 3.00 lower on all offerings. Private feeding cow buyers continue to buy all types of cows to put on feed, even lame or slightly blemished cows continue to be sent to feed. Packers purchased slightly blemished cows to put on short term feed for the upcoming holidays. These type offerings sold steady to 3.00 lower. Feeding cow demand was similar this week compared to last week, however heavier offerings allowed for prices to soften slightly. Demand was mostly good to very good, with many takers seen for all types of cows. High quality feeding cows sold mostly 3.00-4.00 lower. Slaughter bulls sold mostly steady to weak. Cow and bull quality this week was mixed from plain to very attractive. Weigh conditions were mixed this week. Cows suitable to feed or rebreed sold mostly steady to weak. Quality overall, was not as attractive this week as they were last week. Supply included: 63% Feeder Cattle (58% Steers, 39% Heifers, 2% Bulls, 0% Dairy/Beef Steers, 0% Dairy/Beef Heifers); 26% Slaughter Cattle (95% Cows, 5% Bulls); 11% Replacement Cattle (84% Stock Cows, 15% Bred Cows, 1% Bred Heifers). Feeder cattle supply over 600 lbs was 21%.
