Direct Hay Weighted Average Report for week ending 11/15/2024

Compared to last Friday, Export hay steady in a light test. Some interest was noted on export hay as traders wanted to have inventory going into the upcoming Chinese New year holiday. Exchange rates are still bothersome to exporters. No domestic sales reported this week. Trade slow with light to moderate demand.

Volume								
	This Week	Last Reported (11/4/2024)	Last Year					
Tons:								
Hay	4100	4500	1300					
Straw	0	0	200					
Total	4100	4500	1500					

Please Note: The above volumes (tonnage, acres, and bales) listed on this USDA LPGMN report are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade.
