	This Week	Last Reported 12/13/2024	Last Year
Total Receipts:	4,900	1,579	1,521
Feeder Cattle:	4,833(98.6%)	1,465(92.8%)	1,474(96.9%)

Compared to last sale (12-13-24): The last Friday feeder special was in the middle of December and market conditions have improved constantly since then. Feeder steer calves under 700 lbs sold 10.00-18.00 higher; steers over 700 lbs were too lightly tested last sale to develop an accurate market trend, however higher undertones were noticed. Heifer calves under 450 lbs were too lightly tested last sale to develop an accurate market trend, steady undertones were noticed. Heifers 450-649 lbs sold mostly 10.00-15.00 higher; heifers over 650 lbs were too lightly tested to develop an accurate market trend, however higher undertones were noticed. Demand for all feeder calves was good. Offerings were heavy. While prices were higher than last months feeder special, it is worth noting that calf prices were slightly lower compared to similar special feeder calf sales last week. Calf quality was mixed from plain to very attractive. Most calves were weaned from 45 -100 days. Demand for all calves to go to grass remains good to very good. Package sizes were mixed today, however buyers showed good demand for all calves on offer. Demand remained constant throughout the sale which stretched well into the evening. A moderate size buyer pool was on hand for todays sale and buyers bid rapidly on feeders as they pushed to fill loads. Market activity was mostly active today. Weigh up cows and bulls were too lightly tested to develop any market trend. Demand was mostly light for very light offerings. Slaughter cows sold on mostly light demand as buyers were concerned about leaving cows over the weekend due to subzero temperatures. Cow quality today was mostly average. Weigh up conditions were mostly below average as most cows filled up due to very cold conditions. Slaughter bulls sold on mostly moderate demand as quality was attractive. Supply included: 99% Feeder Cattle (59% Steers, 39% Heifers, 2% Bulls); 1% Slaughter Cattle (69% Cows, 19% Bulls, 11% Dairy Cows); 0% Replacement Cattle (75% Stock Cows, 25% Bred Cows). Feeder cattle supply over 600 lbs was 43%.
