This Week's Chicken Feature Highlights

National summary numbers indicate more stores are offering more chicken. Whole bagged fryers offerings are up slightly, pricing drops. B/S breast and tenders cold expect movement to slow as cost to shoppers climb. Wings also lowers cost. Drums and thighs see the error of last week's ad pricing on regular packs and offer some relief. IQF stays the course and pushes b/s breasts. The deli heats up with temperature outside, the selections increases but small rotisserie chicken and finger foods are easily seen as the most offered. Specialty items increase offers slightly while organics fall back. The dreaded week of the "twos" is upon us and looking at the calendar, it will last a little longer than that. Memorial Day I just ahead and chicken is a traditional grilling favorite for the holiday weekend.

All report information gathered from publicly available sources including store circulars, newspaper ads, and retailer websites.

^{1/} Feature Rate: the amount of sampled stores advertising any reported chicken item during the current week, expressed as a percentage of the total sample. ^{2/} Activity Index: a measure of the absolute frequency of feature activity equal to the total number of stores for each advertised chicken item (e.g., a retailer with 100 outlets featuring 3 chicken items has an activity index of 300). ^{3/} Stores/Avg: the total number of advertising outlets and the weighted average price weighted by the respective number of outlets. ^{4/} Special Rate: the percentage of sampled stores with a no-price promotion (e.g., buy 1, get 1 free, etc.)
