Stop 3604
1400 Independence Ave., SW
Washington, DC 20250-3604

A photograph of a large grain elevator structure on the deck of a ship. The structure is made of dark metal and has a long conveyor arm extending over the side. In the foreground, there are several large, curved, corrugated metal structures, likely part of the ship's grain handling equipment. The ship's white superstructure is visible on the left side. The water is choppy and greyish-blue.
