

[CHAPTER 30]

AN ACT

To provide for the conservation of national soil resources and to provide an adequate and balanced flow of agricultural commodities in interstate and foreign commerce and for other purposes.

February 16, 1938
[H. R. 8505]
[Public, No. 430]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "Agricultural Adjustment Act of 1938".

Agricultural Adjust-
ment Act of 1938.

DECLARATION OF POLICY

SEC. 2. It is hereby declared to be the policy of Congress to continue the Soil Conservation and Domestic Allotment Act, as amended, for the purpose of conserving national resources, preventing the wasteful use of soil fertility, and of preserving, maintaining, and rebuilding the farm and ranch land resources in the national public interest; to accomplish these purposes through the encouragement of soil-building and soil-conserving crops and practices; to assist in the marketing of agricultural commodities for domestic consumption and for export; and to regulate interstate and foreign commerce in cotton, wheat, corn, tobacco, and rice to the extent necessary to provide an orderly, adequate, and balanced flow of such commodities in interstate and foreign commerce through storage of reserve supplies, loans, marketing quotas, assisting farmers to obtain, insofar as practicable, parity prices for such commodities and parity of income, and assisting consumers to obtain an adequate and steady supply of such commodities at fair prices.

Declaration of
policy.

TITLE I—AMENDMENTS TO SOIL CONSERVATION AND DOMESTIC ALLOTMENT ACT

POWERS UNDER SOIL-CONSERVATION PROGRAM

SEC. 101. Section 8 (b) and (c) of the Soil Conservation and Domestic Allotment Act, as amended, are amended to read as follows:

"(b) Subject to the limitations provided in subsection (a) of this section, the Secretary shall have power to carry out the purposes specified in clauses (1), (2), (3), (4), and (5) of section 7 (a) by making payments or grants of other aid to agricultural producers, including tenants and sharecroppers, in amounts determined by the Secretary to be fair and reasonable in connection with the effectuation of such purposes during the year with respect to which such payments or grants are made, and measured by (1) their treatment or use of their land, or a part thereof, for soil restoration, soil conservation, or the prevention of erosion; (2) changes in the use of their land; (3) their equitable share, as determined by the Secretary, of the normal national production of any commodity or commodities required for domestic consumption; or (4) their equitable share, as determined by the Secretary, of the national production of any commodity or commodities required for domestic consumption and exports adjusted to reflect the extent to which their utilization of cropland on the farm conforms to farming practices which the Secretary determines will best effectuate the purposes specified in section 7 (a); or (5) any combination of the above. In arid or semiarid sections, (1) and (2) above shall be construed to cover water conservation and the beneficial use of water on individual farms, including measures to prevent run-off, the building of check dams and ponds, and providing facilities for applying water to the land. In determining the amount of any payment or grant measured by (1) or (2) the Secretary shall take into consideration the productivity of the land affected by the farming practices adopted during the year with respect to which such

payment is made. In carrying out the provisions of this section in the continental United States, the Secretary is directed to utilize the services of local and State committees selected as hereinafter provided. The Secretary shall designate local administrative areas as units for administration of programs under this section. No such local area shall include more than one county or parts of different counties. Farmers within any such local administrative area, and participating or cooperating in programs administered within such area, shall elect annually from among their number a local committee of not more than three members for such area and shall also elect annually from among their number a delegate to a county convention for the election of a county committee. The delegates from the various local areas in the county shall, in a county convention, elect, annually, the county committee for the county which shall consist of three members who are farmers in the county. The local committee shall select a secretary and may utilize the county agricultural extension agent for such purpose. The county committee shall select a secretary who may be the county agricultural extension agent. If such county agricultural extension agent shall not have been elected secretary of such committee, he shall be ex officio a member of the county committee. The county agricultural extension agent shall not have the power to vote. In any county in which there is only one local committee the local committee shall also be the county committee. In each State there shall be a State committee for the State composed of not less than three or more than five farmers who are legal residents of the State and who are appointed by the Secretary. The State director of the Agricultural Extension Service shall be ex officio a member of such State committee. The ex officio members of the county and State committees shall be in addition to the number of members of such committees hereinbefore specified. The Secretary shall make such regulations as are necessary relating to the selection and exercise of the functions of the respective committees, and to the administration, through such committees, of such programs. In carrying out the provisions of this section, the Secretary—shall, as far as practicable, protect the interests of tenants and sharecroppers; is authorized to utilize the agricultural extension service and other approved agencies; shall accord such recognition and encouragement to producer-owned and producer-controlled cooperative associations as will be in harmony with the policy toward cooperative associations set forth in existing Acts of Congress and as will tend to promote efficient methods of marketing and distribution; shall not have power to acquire any land or any right or interest therein; shall, in every practicable manner, protect the interests of small producers; and shall in every practical way encourage and provide for soil-conserving and soil-rebuilding practices rather than the growing of soil-depleting crops. Rules and regulations governing payments or grants under this subsection shall be as simple and direct as possible, and, wherever practicable, they shall be classified on two bases: (a) Soil-depleting crops and practices, (b) soil-rebuilding crops and practices.

“(c) (1) In apportioning acreage allotments under this section in the case of wheat and corn, the National and State allotments and the allotments to counties shall be apportioned annually on the basis of the acreage seeded for the production of the commodity during the ten calendar years immediately preceding the calendar year in which the national acreage allotment is determined (plus, in applicable years, the acreage diverted under previous agricultural adjustment and conservation programs), with adjustments for abnormal weather conditions and trends in acreage during the applicable period.

“(2) In the case of wheat, the allotment to any county shall be apportioned annually by the Secretary, through the local committees, among the farms within such county on the basis of tillable acres, crop-rotation practices, type of soil, and topography. Not more than 3 per centum of such county allotment shall be apportioned to farms on which wheat has not been planted during any of the three marketing years immediately preceding the marketing year in which the allotment is made.

Wheat.

“(3) In the case of corn, the allotment to any county shall be apportioned annually by the Secretary, through the local committees, among the farms within such county on the basis of tillable acreage, type of soil, topography, and crop-rotation practices.

Corn.

“(4) Notwithstanding any other provision of this subsection, if, for any reason other than flood or drought, the acreage of wheat, cotton, corn, or rice planted on the farm is less than 80 per centum of the farm acreage allotment for such commodity for the purpose of payment, such farm acreage allotment shall be 25 per centum in excess of such planted acreage.

Acreage planted less than allotment.

“(5) In determining normal yield per acre on any farm under this section in the case of wheat or corn, the normal yield shall be the average yield per acre thereon for such commodity during the ten calendar years immediately preceding the calendar year in which such yield is determined, adjusted for abnormal weather conditions and trends in yields. If for any reason there is no actual yield, or the data therefor are not available for any year, then an appraised yield for such year, determined in accordance with regulations of the Secretary, shall be used. If, on account of drought, flood, insect pests, plant disease, or other uncontrollable natural cause, the yield in any year of such ten-year period is less than 75 per centum of the average (computed without regard to such year), such year shall be eliminated in calculating the normal yield per acre.

Appraisal, if no actual yield.

Yield less than 75 per cent due to drought, etc.

“(d) Any payment or grant of aid made under subsection (b) shall be conditioned upon the utilization of the land, with respect to which such payment is made, in conformity with farming practices which the Secretary finds tend to effectuate any one or more of the purposes specified in clause (1), (2), (3), (4), or (5) of section 7 (a).

Payments conditioned upon conforming to prescribed practices.

“Any payment made under subsection (b) with respect to any farm (except for lands which the Secretary determines should not be utilized for the harvesting of crops but should be permanently used for grazing purposes only) shall, if the number of cows kept on such farm, and in the county in which such farm is located, for the production of milk or products thereof (for market), exceeds the normal number of such cows, be further conditioned upon the utilization of the land, with respect to which such payment is made, so that soil-building and soil-conserving crops planted or produced on an acreage equal to the land normally used for the production of soil-depleting crops but, as a condition of such payment, not permitted to be so used, shall be used for the purpose of building and conserving the fertility of the soil, or for the production of agricultural commodities to be consumed on the farm, and not for market. Whenever it is determined that a county, as a whole, is in substantial compliance with the provisions of this paragraph, no payment shall be denied any individual farmer in the county by reason of this paragraph; and no payment shall be denied a farmer by reason of this paragraph unless it has been determined that the farmer has not substantially complied with the provisions of this paragraph. Whenever the Secretary finds that by reason of drought, flood, or other disaster, a shortage of feed exists in any area, he shall so declare, and to the extent and for the period he finds

necessary to relieve such shortage, the operation of the condition provided in this paragraph shall be suspended in such area and, if necessary to relieve such shortage, in other areas defined by him. As used in this paragraph, the term 'for market' means for disposition by sale, barter, or exchange, or by feeding (in any form) to dairy livestock which, or the products of which, are to be sold, bartered, or exchanged; and such term shall not include consumption on the farm. An agricultural commodity shall be deemed consumed on the farm if consumed by the farmer's family, employees, or household, or if fed to poultry or livestock other than dairy livestock on his farm; or if fed to dairy livestock on his farm and such dairy livestock, or the products thereof, are to be consumed by his family, employees, or household. Whenever the Secretary has reason to believe the income of producers of livestock (other than dairy cattle) or poultry in any area from such sources is being adversely affected by increases in the supply for market of such livestock or poultry, as the case may be, arising as a result of programs carried out under this Act, he shall make an investigation with respect to the existence of such facts. If, upon investigation, the Secretary finds that the income of producers of such livestock or poultry, as the case may be, in any area from any such source is being adversely affected by such increases, he shall, as soon as practicable, make such provisions in the administration of this Act with respect to the use of diverted acres as he may find necessary to protect the interests of producers of such livestock or poultry in the affected area."

REDUCTIONS AND INCREASES IN PAYMENTS UNDER SOIL CONSERVATION PROGRAM

SEC. 102. Section 8 of the Soil Conservation and Domestic Allotment Act, as amended, is further amended by adding a new subsection as follows:

"(c) Payments made by the Secretary to farmers under subsection (b) shall be divided among the landlords, tenants, and sharecroppers of any farm, with respect to which such payments are made, in the same proportion that such landlords, tenants, and sharecroppers are entitled to share in the proceeds of the agricultural commodity with respect to which such payments are made, except that payments based on soil-building or soil-conserving practices shall be divided in proportion to the extent which such landlords, tenants, and sharecroppers contribute to the carrying out of such practices. Such payments shall be paid by the Secretary directly to the landlords, tenants, or sharecroppers entitled thereto, and shall be computed at rates which will permit the Secretary to set aside out of the funds available for the making of such payments for each year an amount sufficient to permit the increases herein specified to be made within the limits of the funds so available. If with respect to any farm the total payment to any person for any year would be:

"(1) Not more than \$20, the payment shall be increased by 40 per centum;

"(2) More than \$20 but not more than \$40, the payment shall be increased by \$8, plus 20 per centum of the excess over \$20;

"(3) More than \$40 but not more than \$60, the payment shall be increased by \$12, plus 10 per centum of the excess over \$40;

"(4) More than \$60 but not more than \$186, the payment shall be increased by \$14; or

"(5) More than \$186 but less than \$200, the payment shall be increased to \$200.

In the case of payments of more than \$1, the amount of the payment which shall be used to calculate the 40-, 20-, and 10-per-centum increases under clauses (1), (2), and (3) shall not include that part, if any, of the payment which is a fraction of a dollar.

“Beginning with the calendar year 1939, no total payment for any year to any person under such subsection (b) shall exceed \$10,000. In the case of payments made to any individual, partnership, or estate on account of performance on farms in different States, Territories, or possessions, the \$10,000 limitation shall apply to the total of the payments for each State, Territory, or possession, for a year and not to the total of all such payments.”

Maximum amount for any year.

TENANT PROVISIONS

SEC. 103. Section 8 of the Soil Conservation and Domestic Allotment Act, as amended, is further amended by adding the following new subsections:

“(f) Any change between the landlord and the tenants or sharecroppers, with respect to any farm, that would increase over the previous year the amount of payments or grants of other aid under subsection (b) that would otherwise be made to any landlord shall not operate to increase such payment or grant to such landlord. Any reduction in the number of tenants below the average number of tenants on any farm during the preceding three years that would increase the payments or grants of other aid under such subsection that would otherwise be made to the landlord shall not hereafter operate to increase any such payment or grant to such landlord. Such limitations shall apply only if the county committee finds that the change or reduction is not justified and disapproves such change or reduction.

Finding by county committee.

“(g) A payment which may be made to a farmer under this section, may be assigned, without discount, by him in writing as security for cash or advances to finance making a crop. Such assignment shall be acknowledged by the farmer before the county agricultural extension agent and filed with such agent. The farmer shall file with such county agricultural extension agent an affidavit stating that the assignment is not made to pay or secure any pre-existing indebtedness. This provision shall not authorize any suit against or impose any liability upon the Secretary or any disbursing agent if payment to the farmer is made without regard to the existence of any such assignment.”

APPORTIONMENT OF FUNDS

SEC. 104. Section 15 of the Soil Conservation and Domestic Allotment Act, as amended, is amended by inserting at the end thereof the following new paragraph:

“The funds available for payments (after allowing for estimated administrative expenses, and not to exceed 5 per centum for payments with respect to range lands, noncrop pasture lands, and naval stores) shall be allocated among the commodities produced with respect to which payments or grants are to be computed. In allocating funds among the commodities the Secretary shall take into consideration and give equal weight to (1) the average acreages planted to the various commodities (including rotation pasture), for the ten years 1928 to 1937, adjusted for abnormal weather and other conditions, including acreage diverted from production under the agricultural adjustment and soil conservation programs; (2) the value at parity prices of the production from the allotted acreages of the various commodities for the year with respect to which the payment

The rate of payment used in making payments to the producers of each commodity shall be such that the estimated payments with respect to such commodity shall equal the amount of funds allocated to such commodity as herein provided. For the purpose of allocating funds and computing payments or grants the Secretary is authorized to consider as a commodity a group of commodities or a regional or market classification of a commodity. For the purpose of computing payments or grants, the Secretary is authorized to use funds allocated to two or more commodities produced on farms of a designated regional or other classification to compute payments with respect to one of such commodities on such farms, and to use funds, in an amount equal to the estimated payments which would be made in any county, for making payments pursuant to a special program under section 8 approved by the Secretary for such county: *Provided*, That farm acreage allotments shall be made for wheat in 1938, but in determining compliance wheat shall be considered in the group with other crops for which special acreage allotments are not made."

SEC. 105. The amendments made by sections 101, 102, 103, and 104 shall first be effective with respect to farming operations carried out in the calendar year 1938. Nothing contained herein shall require reconstituting, for 1938, any county or other local committee which has been constituted prior to February 1, 1938.

TITLE II—ADJUSTMENT IN FREIGHT RATES, NEW USES AND MARKETS, AND DISPOSITION OF SURPLUSES

ADJUSTMENTS IN FREIGHT RATES FOR FARM PRODUCTS

SEC. 201. (a) The Secretary of Agriculture is authorized to make complaint to the Interstate Commerce Commission with respect to rates, charges, tariffs, and practices relating to the transportation of farm products, and to prosecute the same before the Commission. Before hearing or disposing of any complaint (filed by any person other than the Secretary) with respect to rates, charges, tariffs, and practices relating to the transportation of farm products, the Commission shall cause the Secretary to be notified, and, upon application by the Secretary, shall permit the Secretary to appear and be heard.

(b) If such rate, charge, tariff, or practice complained of is one affecting the public interest, upon application by the Secretary, the Commission shall make the Secretary a party to the proceeding. In such case the Secretary shall have the rights of a party before the Commission and the rights of a party to invoke and pursue original and appellate judicial proceedings involving the Commission's determination. The liability of the Secretary in any such case shall extend only to liability for court costs.

(c) For the purposes of this section, the Interstate Commerce Commission is authorized to avail itself of the cooperation, records, services, and facilities of the Department of Agriculture.

(d) The Secretary is authorized to cooperate with and assist cooperative associations of farmers making complaint to the Interstate Commerce Commission with respect to rates, charges, tariffs, and practices relating to the transportation of farm products.

Assistance to cooperative associations of farmers making complaint.

NEW USES AND NEW MARKETS FOR FARM COMMODITIES

SEC. 202. (a) The Secretary is hereby authorized and directed to establish, equip, and maintain four regional research laboratories, one in each major farm producing area, and, at such laboratories, to conduct researches into and to develop new scientific, chemical, and technical uses and new and extended markets and outlets for farm commodities and products and byproducts thereof. Such research and development shall be devoted primarily to those farm commodities in which there are regular or seasonal surpluses, and their products and byproducts.

New uses and new markets for farm commodities.

Regional research laboratories, establishment, etc.
Post, p. 745.

(b) For the purposes of subsection (a), the Secretary is authorized to acquire land and interests therein, and to accept in the name of the United States donations of any property, real or personal, to any laboratory established pursuant to this section, and to utilize voluntary or uncompensated services at such laboratories. Donations to any one of such laboratories shall not be available for use by any other of such laboratories.

Real or personal property, acquisitions.

Donations.

(c) In carrying out the purposes of subsection (a), the Secretary is authorized and directed to cooperate with other departments or agencies of the Federal Government, States, State agricultural experiment stations, and other State agencies and institutions, counties, municipalities, business or other organizations, corporations, associations, universities, scientific societies, and individuals, upon such terms and conditions as he may prescribe.

Cooperation with other agencies, etc.; terms and conditions.

(d) To carry out the purposes of subsection (a), the Secretary is authorized to utilize in each fiscal year, beginning with the fiscal year beginning July 1, 1938, a sum not to exceed \$4,000,000 of the funds appropriated pursuant to section 391 of this Act, or section 15 of the Soil Conservation and Domestic Allotment Act, as amended, for such fiscal year. The Secretary shall allocate one-fourth of such sum annually to each of the four laboratories established pursuant to this section.

Sums authorized.

The Federal Surplus Commodities Corporation shall submit to Congress on the first day of each regular session an annual report setting forth a statement of the activities, receipts, and expenditures of the Corporation during the previous fiscal year.

TITLE III—LOANS, PARITY PAYMENTS, CONSUMER SAFEGUARDS, AND MARKETING QUOTAS

SUBTITLE A—DEFINITIONS, LOANS, PARITY PAYMENTS, AND CONSUMER SAFEGUARDS

DEFINITIONS

SEC. 301. (a) GENERAL DEFINITIONS.—For the purposes of this title and the declaration of policy—

(1) "Parity", as applied to prices for any agricultural commodity, shall be that price for the commodity which will give to the commodity a purchasing power with respect to articles that farmers buy equivalent to the purchasing power of such commodity in the base period; and, in the case of all commodities for which the base period is the period August 1909 to July 1914, which will also reflect current interest payments per acre on farm indebtedness secured by real estate, tax payments per acre on farm real estate, and freight rates, as contrasted with such interest payments, tax payments, and freight rates during the base period. The base period in the case of all agricultural commodities except tobacco shall be the period August 1909 to July 1914, and, in the case of tobacco, shall be the period August 1919 to July 1929.

(2) "Parity", as applied to income, shall be that per capita net income of individuals on farms from farming operations that bears to the per capita net income of individuals not on farms the same relation as prevailed during the period from August 1909 to July 1914.

(3) The term "interstate and foreign commerce" means sale, marketing, trade, and traffic between any State or Territory or the District of Columbia or Puerto Rico, and any place outside thereof; or between points within the same State or Territory or within the District of Columbia or Puerto Rico, through any place outside thereof; or within any Territory or within the District of Columbia or Puerto Rico.

¹ So in original.

(4) The term "affect interstate and foreign commerce" means, among other things, in such commerce, or to burden or obstruct such commerce or the free and orderly flow thereof; or to create or tend to create a surplus of any agricultural commodity which burdens or obstructs such commerce or the free and orderly flow thereof.

"Affect interstate and foreign commerce."

(5) The term "United States" means the several States and Territories and the District of Columbia and Puerto Rico.

"United States."

(6) The term "State" includes a Territory and the District of Columbia and Puerto Rico.

"State."

(7) The term "Secretary" means the Secretary of Agriculture, and the term "Department" means the Department of Agriculture.

"Secretary"; "Department."

(8) The term "person" means an individual, partnership, firm, joint-stock company, corporation, association, trust, estate, or any agency of a State.

"Person."

(9) The term "corn" means field corn.

"Corn."

(b) DEFINITIONS APPLICABLE TO ONE OR MORE COMMODITIES.—For the purposes of this title—

Definitions applicable to one or more commodities.

(1) (A) "Actual production" as applied to any acreage of corn means the number of bushels of corn which the local committee determines would be harvested as grain from such acreage if all the corn on such acreage were so harvested. In case of a disagreement between the farmer and the local committee as to the actual production of the acreage of corn on the farm, or in case the local committee determines that such actual production is substantially below normal, the local committee, in accordance with regulations of the Secretary, shall weigh representative samples of ear corn taken from the acreage involved, make proper deductions for moisture content, and determine the actual production of such acreage on the basis of such samples.

"Actual production" as applied to any acreage of corn.

(B) "Actual production" of any number of acres of cotton on a farm means the actual average yield for the farm times such number of acres.

"Actual production" of any number of acres of cotton on a farm.

(2) "Bushel" means in the case of ear corn that amount of ear corn, including not to exceed 15½ per centum of moisture content, which weighs seventy pounds, and in the case of shelled corn, means that amount of shelled corn including not to exceed 15½ per centum of moisture content, which weighs fifty-six pounds.

"Bushel", ear and shelled corn.

(3) (A) "Carry-over", in the case of corn and rice, for any marketing year shall be the quantity of the commodity on hand in the United States at the beginning of such marketing year, which was produced in the United States prior to the beginning of the calendar year then current.

"Carry-over", in the case of corn and rice.

(B) "Carry-over" of cotton for any marketing year shall be the quantity of cotton on hand either within or without the United States at the beginning of such marketing year, which was produced in the United States prior to the beginning of the calendar year then current.

Cotton.

(C) "Carry-over" of tobacco for any marketing year shall be the quantity of such tobacco on hand in the United States at the beginning of such marketing year, which was produced in the United States prior to the beginning of the calendar year then current, except that in the case of cigar-filler and cigar-binder tobacco the quantity of type 46 on hand and theretofore produced in the United States during such calendar year shall also be included.

Tobacco.

(D) "Carry-over" of wheat, for any marketing year shall be the quantity of wheat on hand in the United States at the beginning of such marketing year, not including any wheat which was produced in the United States during the calendar year then current, and not including any wheat held by the Federal Crop Insurance Corporation under Title V.

Wheat.

"Commercial corn-producing area"; counties included.

(4) (A) "Commercial corn-producing area" shall include all counties in which the average production of corn (excluding corn used as silage) during the ten calendar years immediately preceding the calendar year for which such area is determined, after adjustment for abnormal weather conditions, is four hundred and fifty bushels or more per farm and four bushels or more for each acre of farm land in the county.

Counties bordering area producing prescribed average.

(B) Whenever prior to February 1 of any calendar year the Secretary has reason to believe that any county which is not included in the commercial corn-producing area determined pursuant to the provisions of subparagraph (A), but which borders upon one of the counties in such area, or that any minor civil division in a county bordering on such area, is producing (excluding corn used for silage) an average of at least four hundred and fifty bushels of corn per farm and an average of at least four bushels for each acre of farm land in the county or in the minor civil division, as the case may be, he shall cause immediate investigation to be made to determine such fact. If, upon the basis of such investigation, the Secretary finds that such county or minor civil division is likely to produce corn in such average amounts during such calendar year, he shall proclaim such determination, and, commencing with such calendar year, such county shall be included in the commercial corn-producing area. In the case of a county included in the commercial corn-producing area pursuant to this subparagraph, whenever prior to February 1 of any calendar year the Secretary has reason to believe that facts justifying the inclusion of such county are not likely to exist in such calendar year, he shall cause an immediate investigation to be made with respect thereto. If, upon the basis of such investigation, the Secretary finds that such facts are not likely to exist in such calendar year, he shall proclaim such determination, and commencing with such calendar year, such county shall be excluded from the commercial corn-producing area.

Exclusion from area, investigation.

"Farm consumption" of corn.

(5) "Farm consumption" of corn means consumption by the farmer's family, employees, or household, or by his work stock; or consumption by poultry or livestock on his farm if such poultry or livestock, or the products thereof, are consumed or to be consumed by the farmer's family, employees, or household.

"Market", in the case of cotton, wheat, and tobacco.

(6) (A) "Market", in the case of cotton, wheat, and tobacco, means to dispose of by sale, barter, or exchange, but, in the case of wheat, does not include disposing of wheat as premium to the Federal Crop Insurance Corporation under Title V.

Post, p. 72.

Corn.

(B) "Market", in the case of corn, means to dispose of by sale, barter, or exchange, or by feeding (in any form) to poultry or livestock which, or the products of which, are sold, bartered, or exchanged, or to be so disposed of.

Rice.

(C) "Market", in the case of rice, means to dispose of by sale, barter, or exchange of rice used or to be used for human consumption.

"Marketed", "marketing", and "for market."

(D) "Marketed", "marketing", and "for market" shall have corresponding meanings to the term "market" in the connection in which they are used.

"Marketing year", in the case of specified commodities.

(7) "Marketing year" means, in the case of the following commodities, the period beginning on the first and ending with the second date specified below:

Corn, October 1–September 30;

Cotton, August 1–July 31;

Rice, August 1–July 31;

Tobacco (flue-cured), July 1–June 30;

Tobacco (other than flue-cured), October 1–September 30;

Wheat, July 1–June 30.

(8) "National average yield" as applied to cotton or wheat shall be the national average yield per acre of the commodity during the ten calendar years in the case of wheat, and during the five calendar years in the case of cotton, preceding the year in which such national average yield is used in any computation authorized in this title, adjusted for abnormal weather conditions and, in the case of wheat, but not in the case of cotton, for trends in yields.

"National average yield" as applied to cotton or wheat.

(9) "Normal production" as applied to any number of acres of corn, cotton, or wheat means the normal yield for the farm times such number of acres.

"Normal production" as applied to corn, cotton, or wheat.

(10) (A) "Normal supply" in the case of corn, cotton, rice, and wheat shall be a normal year's domestic consumption and exports of the commodity, plus 7 per centum in the case of corn, 40 per centum in the case of cotton, 10 per centum in the case of rice, and 15 per centum in the case of wheat, of a normal year's domestic consumption and exports, as an allowance for a normal carry-over.

"Normal supply" in the case of corn, cotton, rice, and wheat.

(B) The "normal supply" of tobacco shall be a normal year's domestic consumption and exports plus 175 per centum of a normal year's domestic consumption and 65 per centum of a normal year's exports as an allowance for a normal carry-over.

Tobacco.

(11) (A) "Normal year's domestic consumption", in the case of corn and wheat, shall be the yearly average quantity of the commodity, wherever produced, that was consumed¹ in the United States during the ten marketing years immediately preceding the marketing year in which such consumption is determined, adjusted for current trends in such consumption.

"Normal year's domestic consumption" in the case of corn and wheat.

(B) "Normal year's domestic consumption", in the case of cotton and tobacco, shall be the yearly average quantity of the commodity produced in the United States that was consumed in the United States during the ten marketing years immediately preceding the marketing year in which such consumption is determined, adjusted for current trends in such consumption.

Cotton and tobacco.

(C) "Normal year's domestic consumption", in the case of rice, shall be the yearly average quantity of rice produced in the United States that was consumed in the United States during the five marketing years immediately preceding the marketing year in which such consumption is determined, adjusted for current trends in such consumption.

Rice.

(12) "Normal year's exports" in the case of corn, cotton, rice, tobacco, and wheat shall be the yearly average quantity of the commodity produced in the United States that was exported from the United States during the ten marketing years (or, in the case of rice, the five marketing years) immediately preceding the marketing year in which such exports are determined, adjusted for current trends in such exports.

"Normal year's exports" in the case of corn, cotton, rice, tobacco, and wheat.

(13) (A) "Normal yield" for any farm, in the case of corn, shall be the average yield per acre of corn for the farm during the ten calendar years immediately preceding the year in which such normal yield is used in computing any farm marketing quota or adjustment thereof, adjusted for abnormal weather conditions and trends in yields.

"Normal yield" for any farm in the case of corn.
Post, p. 232.

(B) "Normal yield" for any farm, in the case of wheat or cotton, shall be the average yield per acre of wheat or cotton for the farm, adjusted for abnormal weather conditions, and, in the case of wheat but not in the case of cotton, for trends in yields, during the ten calendar years in the case of wheat, and five calendar years in the

Tobacco.

(C) In applying subparagraph (A) or (B), if for any such year the data are not available, or there is no actual yield, an appraised yield for such year, determined in accordance with regulations issued by the Secretary, shall be used as the actual yield for such year. In applying such subparagraphs, if, on account of drought, flood, insect pests, plant disease, or other uncontrollable natural cause, the yield in any year of such ten-year period or five-year period, as the case may be, is less than 75 per centum of the average (computed without regard to such year) such year shall be eliminated in calculating the normal yield per acre.

(D) "Normal yield" per acre of rice for any land planted to rice in any year shall be the average yield per acre thereof during the five calendar years immediately preceding the calendar year for which such normal yield is determined. If, for any reason, there is no actual yield or the data therefor are not available for any year, then an appraised yield for such year, determined in accordance with the regulations of the Secretary, shall be used. If the average of the normal yields for all lands planted to rice in any year in the State (weighted by the acreage allotments therein) exceeds the average yield per acre for the State during the period used in determining normal yields, the normal yields for such lands in the State shall be reduced pro rata so that the average of such normal yields shall not exceed such State average yield.

(14) (A) "Reserve supply level", in the case of corn, shall be a normal year's domestic consumption and exports of corn plus 10 per centum of a normal year's domestic consumption and exports, to insure a supply adequate to meet domestic consumption and export needs in years of drought, flood, or other adverse conditions, as well as in years of plenty.

(B) "Reserve supply level" of tobacco shall be the normal supply plus 5 per centum thereof, to insure a supply adequate to meet domestic consumption and export needs in years of drought, flood, or other adverse conditions, as well as in years of plenty.

(15) "Tobacco" means each one of the kinds of tobacco listed below comprising the types specified as classified in Service and Regulatory Announcement Numbered 118 of the Bureau of Agricultural Economics of the Department:

Flue-cured tobacco, comprising types 11, 12, 13, and 14;

Fire-cured and dark air-cured tobacco, comprising types 21, 22, 23, 24, 35, 36, and 37;

Burley tobacco, comprising type 31;

Maryland tobacco, comprising type 32;

Cigar-filler and cigar-binder tobacco, comprising types 42, 43, 44, 45, 46, 51, 52, 53, 54, and 55;

Cigar-filler tobacco, comprising type 41.

The provisions of this title shall apply to each of such kinds of tobacco severally.

(16) (A) "Total supply" of corn, cotton, rice, and wheat for any marketing year shall be the carry-over of the commodity for such marketing year plus the estimated production of the commodity in the United States during the calendar year in which such marketing year begins.

(B) "Total supply" of tobacco for any marketing year shall be the carry-over at the beginning of such marketing year plus the estimated production thereof in the United States during the calendar year in which such marketing year begins, except that the

estimated production of type 46 tobacco during the marketing year with respect to which the determination is being made shall be used in lieu of the estimated production of such type during the calendar year in which such marketing year begins in determining the total supply of cigar-filler and cigar-binder tobacco.

(c) The latest available statistics of the Federal Government shall be used by the Secretary in making the determinations required to be made by the Secretary under this Act.

Latest statistics to be used in making determinations.

LOANS ON AGRICULTURAL COMMODITIES

SEC. 302. (a) The Commodity Credit Corporation is authorized, upon recommendation of the Secretary and with the approval of the President, to make available loans on agricultural commodities (including dairy products). Except as otherwise provided in this section, the amount, terms, and conditions of such loans shall be fixed by the Secretary, subject to the approval of the Corporation and the President.

Authority of Commodity Credit Corporation.

Amount, terms, and conditions.

(b) The Corporation is directed to make available to cooperators loans upon wheat during any marketing year beginning in a calendar year in which the farm price of wheat on June 15 is below 52 per centum of the parity price on such date, or the July crop estimate for wheat is in excess of a normal year's domestic consumption and exports, at rates not less than 52 per centum and not more than 75 per centum of the parity price of wheat at the beginning of the marketing year. In case marketing quotas for wheat are in effect in any marketing year, the Corporation is directed to make available, during such marketing year, to noncooperators, loans upon wheat at 60 per centum of the rate applicable to cooperators. A loan on wheat to a noncooperator shall be made only on so much of his wheat as would be subject to penalty if marketed.

Loans upon wheat if price below 52 per centum of parity price. *Post*, p. 820.

If July estimate is in excess of normal year's domestic consumption and exports.

(c) The Corporation is directed to make available to cooperators loans upon cotton during any marketing year beginning in a calendar year in which the average price on August 1 of seven-eighths Middling spot cotton on the ten markets designated by the Secretary is below 52 per centum of the parity price of cotton on such date, or the August crop estimate for cotton is in excess of a normal year's domestic consumption and exports, at rates not less than 52 per centum and not more than 75 per centum of the parity price of cotton as of the beginning of the marketing year. In case marketing quotas for cotton are in effect in any marketing year, the Corporation is directed to make available, during such marketing year, to noncooperators, loans upon cotton at 60 per centum of the rate applicable to cooperators. A loan on cotton to a noncooperator shall be made only on so much of his cotton as would be subject to penalty if marketed.

Loans upon cotton, when made.

Loans to noncooperators.

Limitation.

(d) The Corporation is directed to make available loans upon corn during any marketing year beginning in the calendar year in which the November crop estimate for corn is in excess of a normal year's domestic consumption and exports, or in any marketing year when on November 15 the farm price of corn is below 75 per centum of the parity price, at the following rates:

75 per centum of such parity price if such estimate does not exceed a normal year's consumption and exports and the farm price of corn is below 75 per centum of the parity price on November 15;

70 per centum of such parity price if such estimate exceeds a normal year's domestic consumption and exports by not more than 10 per centum;

65 per centum of such parity price if such estimate exceeds a normal year's domestic consumption and exports by more than 10 per centum and not more than 15 per centum;

60 per centum of such parity price if such estimate exceeds a normal year's domestic consumption and exports by more than 15 per centum and not more than 20 per centum;

55 per centum of such parity price if such estimate exceeds a normal year's domestic consumption and exports by more than 20 per centum and not more than 25 per centum;

52 per centum of such parity price if such estimate exceeds a normal year's domestic consumption and exports by more than 25 per centum.

Loans to cooperators and noncooperators within prescribed area.

Loans shall be made to cooperators in the commercial corn-producing area at the applicable rate of the above schedule. Loans shall be made to noncooperators within such commercial corn-producing area but only during a marketing year in which farm marketing quotas are in effect and only on corn stored under seal pursuant to section 324, and the rate of such loans shall be 60 per centum of the applicable rate under the above schedule. Loans shall be made to cooperators outside such commercial corn-producing area, and the rate of such loans shall be 75 per centum of the applicable rate under the above schedule.

Loans to cooperators outside prescribed area.

Modification of rates.

(e) The rates of loans under subsections (b), (c), and (d) on wheat, cotton, and corn not of standard grade, type, staple, or quality shall be increased or decreased in relation to the rates above provided by such amounts as the Secretary prescribes as properly reflecting differences from standard in grade, type, staple, and quality.

Cooperators, provisions governing.

(f) For the purposes of subsections (b), (c), and (d), a cooperator shall be a producer on whose farm the acreage planted to the commodity for the crop with respect to which the loan is made does not exceed the farm acreage allotment for the commodity under this title, or, in the case of loans upon corn to a producer outside the commercial corn-producing area, a producer on whose farm the acreage planted to soil-depleting crops does not exceed the farm acreage allotment for soil-depleting crops for the year in which the loan is made under the Soil Conservation and Domestic Allotment Act, as amended. For the purposes of this subsection a producer shall not be deemed to have exceeded his farm acreage allotment unless such producer knowingly exceeded his farm acreage allotment.

Producer innocently exceeding his allotment.

Adverse referendum on marketing quotas; loan restriction.

(g) Notwithstanding any other provision of this section, if the farmers producing cotton, wheat, corn, or rice indicate by vote in a referendum carried out pursuant to the provisions of this title that marketing quotas with respect to such commodity are opposed by more than one-third of the farmers voting in such referendum, no loan shall be made pursuant to this section with respect to the commodity during the period from the date on which the results of the referendum are proclaimed by the Secretary until the beginning of the second succeeding¹ marketing year for such commodity. This subsection shall not limit the availability or renewal of any loan previously made.

Personal liability for deficiencies arising from sale of collateral, etc.

(h) No producer shall be personally liable for any deficiency arising from the sale of the collateral securing any loan under this section unless such loan was obtained through fraudulent representations by the producer.

Facilities and personnel.

(i) In carrying out this section the Corporation is directed, with the consent of the Secretary, to utilize the services, facilities, and personnel of the Department.

PARITY PAYMENTS

SEC. 303. If and when appropriations are made therefor, the Secretary is authorized and directed to make payments to producers of corn, wheat, cotton, rice, or tobacco, on their normal production of such commodities in amounts which, together with the proceeds thereof, will provide a return to such producers which is as nearly equal to parity price as the funds so made available will permit. All funds available for such payments with respect to these commodities shall, unless otherwise provided by law, be apportioned to these commodities in proportion to the amount by which each fails to reach the parity income. Such payments shall be in addition to and not in substitution for any other payments authorized by law.

CONSUMER SAFEGUARDS

SEC. 304. The powers conferred under this Act shall not be used to discourage the production of supplies of foods and fibers sufficient to maintain normal domestic human consumption as determined by the Secretary from the records of domestic human consumption in the years 1920 to 1929, inclusive, taking into consideration increased population, quantities of any commodity that were forced into domestic consumption by decline in exports during such period, current trends in domestic consumption and exports of particular commodities, and the quantities of substitutes available for domestic consumption within any general class of food commodities. In carrying out the purposes of this Act it shall be the duty of the Secretary to give due regard to the maintenance of a continuous and stable supply of agricultural commodities from domestic production adequate to meet consumer demand at prices fair to both producers and consumers.

SUBTITLE B—MARKETING QUOTAS

PART I—MARKETING QUOTAS—TOBACCO

LEGISLATIVE FINDING

SEC. 311 (a) The marketing of tobacco constitutes one of the great basic industries of the United States with ramifying activities which directly affect interstate and foreign commerce at every point, and stable conditions therein are necessary to the general welfare. Tobacco produced for market is sold on a Nation-wide market and, with its products, moves almost wholly in interstate and foreign commerce from the producer to the ultimate consumer. The farmers producing such commodity are subject in their operations to uncontrollable natural causes, are widely scattered throughout the Nation, in many cases such farmers carry on their farming operations on borrowed money or leased lands, and are not so situated as to be able to organize effectively, as can labor and industry through unions and corporations enjoying Government protection and sanction. For these reasons, among others, the farmers are unable without Federal assistance to control effectively the orderly marketing of such commodity with the result that abnormally excessive supplies thereof are produced and dumped indiscriminately on the Nation-wide market.

Subtitle B—Marketing quotas.

Part I—Tobacco.

Legislative finding.

(b) The disorderly marketing of such abnormally excessive supplies affects, burdens, and obstructs interstate and foreign commerce by (1) materially affecting the volume of such commodity marketed therein, (2) disrupting the orderly marketing of such commodity therein, (3) reducing the price for such commodity with consequent injury and destruction of interstate and foreign commerce in such

commodity, and (4) causing a disparity between the prices for such commodity in interstate and foreign commerce and industrial products therein, with a consequent diminution of the volume of interstate and foreign commerce in industrial products.

(c) Whenever an abnormally excessive supply of tobacco exists, the marketing of such commodity by the producers thereof directly and substantially affects interstate and foreign commerce in such commodity and its products, and the operation of the provisions of this Part becomes necessary and appropriate in order to promote, foster, and maintain an orderly flow of such supply in interstate and foreign commerce.

NATIONAL MARKETING QUOTA

SEC. 312. (a) Whenever, on the 15th day of November of any calendar year, the Secretary finds that the total supply of tobacco as of the beginning of the marketing year then current exceeds the reserve supply level therefor, the Secretary shall proclaim the amount of such total supply, and, beginning on the first day of the marketing year next following and continuing throughout such year, a national marketing quota shall be in effect for the tobacco marketed during such marketing year. The Secretary shall also determine and specify in such proclamation the amount of the national marketing quota in terms of the total quantity of tobacco which may be marketed, which will make available during such marketing year a supply of tobacco equal to the reserve supply level. Such proclamation shall be made not later than the 1st day of December in such year.

(b) Whenever in the case of burley tobacco, and fire-cured and dark air-cured tobacco, respectively, the total supply proclaimed pursuant to the provisions of subsection (a) of this section exceeds the reserve supply level by more than 5 per centum and a national marketing quota is not in effect for such tobacco during the marketing year then current, a national marketing quota shall also be in effect for such tobacco marketed during the period from the date of such proclamation to the end of such current marketing year, and the Secretary shall determine and shall specify in such proclamation the amount of such national marketing quota in terms of the total quantity which may be marketed, which will make available during such current marketing year a supply of tobacco equal to the reserve supply level. The provisions of this subsection shall not be effective prior to the beginning of the marketing year beginning in the calendar year 1938.

(c) Within thirty days after the date of the issuance of the proclamation specified in subsection (a) of this section, the Secretary shall conduct a referendum of farmers who were engaged in production of the crop of tobacco harvested prior to the holding of the referendum to determine whether such farmers are in favor of or opposed to such quota. If in the case of burley tobacco, or fire-cured and dark air-cured tobacco, respectively, farmers would be subject to a national quota for the next succeeding marketing year pursuant to the provisions of subsection (a) of this section, and also to a national marketing quota for the current marketing year pursuant to the provisions of subsection (b) of this section, the referendum shall provide for voting with respect to each such quota. If more than one-third of the farmers voting in the referendum oppose such quota, the Secretary shall, prior to the 1st day of January, proclaim the result of the referendum and such quota shall not be effective thereafter.

(d) In connection with the determination and proclamation of any marketing quota for the 1938-1939 marketing year, the determination by the Secretary pursuant to subsection (a) of this section shall be made and proclaimed within fifteen days following the date of the enactment of this Act, and the proclamation of the Secretary pursuant to subsection (c) of this section shall be made within forty-five days following the date of the enactment of this Act.

(e) Marketing quotas shall not be in effect with respect to cigar-filler tobacco comprising type 41 during the marketing year beginning in 1938 or the marketing year beginning in 1939.

APPORTIONMENT OF NATIONAL MARKETING QUOTA

SEC. 313. (a) The national marketing quota for tobacco established pursuant to the provisions of section 312, less the amount to be allotted under subsection (c) of this section, shall be apportioned by the Secretary among the several States on the basis of the total production of tobacco in each State during the five calendar years immediately preceding the calendar year in which the quota is proclaimed (plus, in applicable years, the normal production on the net acreage diverted under previous agricultural adjustment and conservation programs), with such adjustments as are determined to be necessary to make correction for abnormal conditions of production, for small farms, and for trends in production, giving due consideration to seed bed and other plant diseases during such five-year period: *Provided, however,* That to prevent in any case too sharp and sudden reduction in acreage of tobacco production in any State, the marketing quota for flue-cured tobacco for any State for any marketing year shall not be reduced to a point less than 75 per centum of the production of flue-cured tobacco in such State for the year 1937.

(b) The Secretary shall provide, through the local committees, for the allotment of the marketing quota for any State among the farms on which tobacco is produced, on the basis of the following: Past marketing of tobacco, making due allowance for drought, flood, hail, other abnormal weather conditions, plant bed, and other diseases; land, labor, and equipment available for the production of tobacco; crop-rotation practices; and the soil and other physical factors affecting the production of tobacco: *Provided,* That, except for farms on which for the first time in five years tobacco is produced to be marketed in the marketing year for which the quota is effective, the marketing quota for any farm shall not be less than the smaller of either (1) three thousand two hundred pounds, in the case of flue-cured tobacco, and two thousand four hundred pounds, in the case of other kinds of tobacco, or (2) the average tobacco production for the farm during the preceding three years, plus the average normal production of any tobacco acreage diverted under agricultural adjustment and conservation programs during such preceding three years.

(c) The Secretary shall provide, through local committees, for the allotment of not in excess of 5 per centum of the national marketing quota (1) to farms in any State whether it has a State quota or not on which for the first time in five years tobacco is produced to be marketed in the year for which the quota is effective and (2) for further increase of allotments to small farms pursuant to the proviso in subsection (b) of this section on the basis of the following: Land, labor, and equipment available for the production of tobacco; crop-rotation practices; and the soil and other physical factors affecting the production of tobacco: *Provided,* That farm marketing quotas established pursuant to this subsection for farms on which tobacco is produced for the first time in five years shall not exceed 75 per

SEC. 314. The marketing of any tobacco in excess of the marketing quota for the farm on which the tobacco is produced, except the marketing of any such tobacco for nicotine or other byproduct uses, shall be subject to a penalty of 50 per centum of the market price of such tobacco on the date of such marketing, or, if the following rates are higher, 3 cents per pound in the case of flue-cured, Maryland, or burley, and 2 cents per pound in the case of all other kinds of tobacco. Such penalty shall be paid by the person who acquires such tobacco from the producer but an amount equivalent to the penalty may be deducted by the buyer from the price paid to the producer in case such tobacco is marketed by sale; or, if the tobacco is marketed by the producer through a warehouseman or other agent, such penalty shall be paid by such warehouseman or agent who may deduct an amount equivalent to the penalty from the price paid to the producer: *Provided*, That in case any tobacco is marketed directly to any person outside the United States the penalty shall be paid and remitted by the producer.

Part II—Marketing quotas—Corn.

PART II—MARKETING QUOTAS—CORN

LEGISLATIVE FINDING

Legislative finding.

SEC. 321. Corn is a basic source of food for the Nation, and corn produced in the commercial corn-producing area moves almost wholly in interstate and foreign commerce in the form of corn, livestock, and livestock products.

Abnormally excessive and abnormally deficient supplies of corn acutely and directly affect, burden, and obstruct interstate and foreign commerce in corn, livestock, and livestock products. When abnormally excessive supplies exist, transportation facilities in interstate and foreign commerce are overtaxed, and the handling and processing facilities through which the flow of interstate and foreign commerce in corn, livestock, and livestock products is directed become acutely congested. Abnormally deficient supplies result in substantial decreases in livestock production and in an inadequate flow of livestock and livestock products in interstate and foreign commerce, with the consequence of unreasonably high prices to consumers.

Violent fluctuations from year to year in the available supply of corn disrupt the balance between the supply of livestock and livestock products moving in interstate and foreign commerce and the supply of corn available for feeding. When available supplies of corn are excessive, corn prices are low and farmers overexpand livestock production in order to find outlets for corn. Such expansion, together with the relative scarcity and high price of corn, forces farmers to market abnormally excessive supplies of livestock in interstate commerce at sacrifice prices, endangering the financial stability of producers, and overtaxing handling and processing facilities through which the flow of interstate and foreign commerce in livestock and livestock products is directed. Such excessive marketings deplete livestock on farms, and livestock marketed in interstate and

foreign commerce consequently becomes abnormally low, with resultant high prices to consumers and danger to the financial stability of persons engaged in transporting, handling, and processing livestock in interstate and foreign commerce. These high prices in turn result in another overexpansion of livestock production.

Recurring violent fluctuations in the price of corn resulting from corresponding violent fluctuations in the supply of corn directly affect the movement of livestock in interstate commerce from the range cattle regions to the regions where livestock is fattened for market in interstate and foreign commerce, and also directly affect the movement in interstate commerce of corn marketed as corn which is transported from the regions where produced to the regions where livestock is fattened for market in interstate and foreign commerce.

Substantially all the corn moving in interstate commerce, substantially all the corn fed to livestock transported in interstate commerce for fattening, and substantially all the corn fed to livestock marketed in interstate and foreign commerce, is produced in the commercial corn-producing area. Substantially all the corn produced in the commercial corn-producing area, with the exception of a comparatively small amount used for farm consumption, is either sold or transported in interstate commerce, or is fed to livestock transported in interstate commerce for feeding, or is fed to livestock marketed in interstate and foreign commerce. Almost all the corn produced outside the commercial corn-producing area is either consumed, or is fed to livestock which is consumed, in the State in which such corn is produced.

The conditions affecting the production and marketing of corn and the livestock products of corn are such that, without Federal assistance, farmers, individually or in cooperation, cannot effectively prevent the recurrence of disparities between the supplies of livestock moving in interstate and foreign commerce and the supply of corn available for feeding, and provide for orderly marketing of corn in interstate and foreign commerce and livestock and livestock products in interstate and foreign commerce.

The national public interest requires that the burdens on interstate and foreign commerce above described be removed by the exercise of Federal power. By reason of the administrative and physical impracticability of regulating the movement of livestock and livestock products in interstate and foreign commerce and the inadequacy of any such regulation to remove such burdens, such power can be feasibly exercised only by providing for the withholding from market of excessive and burdensome supplies of corn in times of excessive production, and providing a reserve supply of corn available for market in times of deficient production, in order that a stable and continuous flow of livestock and livestock products in interstate and foreign commerce may at all times be assured and maintained.

FARM MARKETING QUOTAS

SEC. 322. (a) Whenever in any calendar year the Secretary determines from available statistics of the Department, including the August production estimate officially published by the Division of Crop and Livestock Estimates of the Bureau of Agricultural Economics of the Department, that the total supply of corn as of October 1 will exceed the normal supply thereof by more than 10 per centum, marketing quotas shall be in effect in the commercial corn-producing area for the crop of corn grown in such area in such calendar year, and shall remain in effect until terminated in accordance with the provisions of this title.

Farm marketing
quotas.

When effective; termination.

Determination of acreage.	(b) The Secretary shall determine, on the basis of the estimated average yield of corn in such area for such crop, the acreage in such area which the Secretary determines would make available for the marketing year beginning October 1 a supply of corn (together with the estimated production of corn in the United States outside such area) equal to the normal supply. The percentage which the number of acres so determined is of the total number of acres of the acreage allotment under section 328 shall be proclaimed by the Secretary. Such percentage is referred to herein as the "marketing percentage".
"Marketing per- centage." <i>Post</i> , p. 52.	(c) The Secretary shall proclaim his determinations of facts under subsection (a) and his determination of the marketing percentage under subsection (b) not later than August 15.
Proclamation by Secretary.	(d) Within twenty days after the date of the issuance of the proclamation provided for in subsection (c) of this section, the Secretary shall conduct a referendum, by secret ballot, of farmers who would be subject to such quotas to determine whether such farmers are in favor of or opposed to such quotas. If more than one-third of the farmers voting in the referendum oppose such quotas, the Secretary shall, prior to September 10, proclaim the result of the referendum and such quotas shall not become effective.
Referendum.	(e) Whenever it shall appear from the September production estimates officially published by the Division of Crop and Livestock Estimates of the Bureau of Agricultural Economics of the Department, that the total supply of corn as of the beginning of the next succeeding marketing year will not exceed the normal supply by more than 10 per centum thereof, the Secretary shall proclaim such fact prior to September 20, if farm marketing quotas have been proclaimed for such marketing year. Thereupon such quotas shall not become effective.

marketing quota.
Computation.

AMOUNT OF FARM MARKETING QUOTA

SEC. 323. (a) The farm marketing quota for any farm with respect to any crop of corn shall be an amount of corn equal to the sum of—

- (1) The amount of corn used as silage; and
- (2) The actual production of the acreage of corn not used as silage less the amount required for farm consumption and less the storage amount applicable to the farm as ascertained under section 324.

Quota not appli-
cable; when.

(b) No farm marketing quota with respect to any crop of corn shall be applicable to any farm on which the normal production of the acreage planted to corn is less than three hundred bushels.

Storage amounts.

STORAGE AMOUNTS

Determination of.

SEC. 324. (a) If the acreage of corn on the farm does not exceed the marketing percentage of the farm acreage allotment, there shall be no storage amount.

(b) If the acreage of corn on the farm exceeds the marketing percentage of the farm acreage allotment, the storage amount shall be a number of bushels equal to the smallest of the following amounts—

- (1) The normal production of the acreage of corn on the farm in excess of the marketing percentage of the farm acreage allotment;
- (2) The amount by which the actual production of the acreage of corn on the farm exceeds the normal production of the marketing percentage of the farm acreage allotment; or
- (3) The amount of the actual production of the acreage of corn on the farm not used for silage.

(c) If the storage amount ascertained under subsection (b) is less than 100 bushels, there shall be no storage amount.

PENALTIES

SEC. 325. (a) Any farmer who, while any farm marketing quota is in effect for his farm with respect to any crop of corn, markets corn produced on the farm in an amount which is in excess of the aggregate of the farm marketing quotas for the farm in effect at such time, shall be subject to a penalty of 15 cents per bushel of the excess so marketed. Liability for such penalty shall not accrue until the amount of corn stored under seal on such farm or in storage cribs rented by the farmer or under his control is less than the storage amount applicable to such crop plus the storage amounts, if any, applicable to other crops.

(b) If there is stored under seal on the farm or in such cribs an amount of corn equal at least to the storage amount applicable to such crop plus such storage amounts applicable to such other crops, the farmer shall be presumed not to be violating the provisions of subsection (a). When the amount of corn stored under seal on the farm or in such cribs is less than the storage amount applicable to such crop plus such storage amounts applicable to such other crops, the farmer shall be presumed to have marketed, while farm marketing quotas were in effect, corn in violation of the provisions of subsection (a) to the extent that the amount of corn so stored is less than the aggregate of such storage amounts. In any action brought to enforce the collection of penalties provided for in this section, the farmer, to the extent that the amount of corn so stored is less than the aggregate of such storage amounts shall have the burden of proving that he did not market corn in violation of the provisions of subsection (a).

(c) For the purposes of this Part, corn shall be deemed to be stored by the farmer under seal only if stored in such manner as to conform to the requirements of such regulations as the Secretary shall prescribe in order more effectively to administer this Part.

ADJUSTMENT OF FARM MARKETING QUOTAS

SEC. 326. (a) Whenever in any county or other area the Secretary finds that the actual production of corn plus the amount of corn stored under seal in such county or other area is less than the normal production of the marketing percentage of the farm acreage allotments in such county or other area, the Secretary shall terminate farm marketing quotas for corn in such county or other area.

(b) Whenever, upon any farm, the actual production of the acreage of corn is less than the normal production of the marketing percentage of the farm acreage allotment, there may be marketed, without penalty, from such farm an amount of corn from the corn stored under seal pursuant to section 324 which, together with the actual production of the then current crop, will equal the normal production of the marketing percentage of the farm acreage allotment.

(c) Whenever, in any marketing year, marketing quotas are not in effect with respect to the crop of corn produced in the calendar year in which such marketing year begins, all marketing quotas applicable to previous crops of corn shall be terminated.

the Secretary shall ascertain and proclaim the commercial corn-producing area. The ascertainment and proclamation of the commercial corn-producing area for 1938 shall be made not later than ten days after the date of the enactment of this Act.

ACREAGE ALLOTMENT

Acreege allotment.
Post, pp. 202, 205.

SEC. 328. The acreage allotment of corn for any calendar year shall be that acreage in the commercial corn-producing area which, on the basis of the average yield for corn in such area during the ten calendar years immediately preceding such calendar year will produce an amount of corn in such area which the Secretary determines will, together with corn produced in the United States outside the commercial corn-producing area, make available a supply for the marketing year beginning in such calendar year, equal to the reserve supply level. The Secretary shall proclaim such acreage allotment not later than February 1 of the calendar year for which such acreage allotment was determined. The proclamation of the acreage allotment for 1938 shall be made as soon as practicable after the date of the enactment of this Act.

APPORTIONMENT OF ACREAGE ALLOTMENT

Apportionment of
acreage allotment.

SEC. 329. (a) The acreage allotment for corn shall be apportioned by the Secretary among the counties in the commercial corn-producing area on the basis of the acreage seeded for the production of corn during the ten calendar years immediately preceding the calendar year in which the apportionment is determined (plus, in applicable years, the acreage diverted under previous agricultural adjustment and conservation programs), with adjustments for abnormal weather conditions and for trends in acreage during such period and for the promotion of soil-conservation practices: *Provided*, That any downward adjustment for the promotion of soil-conservation practices shall not exceed 2 per centum of the total acreage allotment that would otherwise be made to such county.

(b) The acreage allotment to the county for corn shall be apportioned by the Secretary, through the local committees, among the farms within the county on the basis of tillable acreage, crop-rotation practices, type of soil, and topography.

Part III—Market-
ing quotas—Wheat.

PART III—MARKETING QUOTAS—WHEAT

LEGISLATIVE FINDINGS

Legislative findings.

SEC. 331. Wheat is a basic source of food for the Nation, is produced throughout the United States by more than a million farmers, is sold on the country-wide market and, as wheat or flour, flows almost entirely through instrumentalities of interstate and foreign commerce from producers to consumers.

Abnormally excessive and abnormally deficient supplies of wheat on the country-wide market acutely and directly affect, burden, and obstruct interstate and foreign commerce. Abnormally excessive supplies overtax the facilities of interstate and foreign transportation, congest terminal markets and milling centers in the flow of wheat from producers to consumers, depress the price of wheat in interstate and foreign commerce, and otherwise disrupt the orderly marketing of such commodity in such commerce. Abnormally deficient supplies result in an inadequate flow of wheat and its products in interstate and foreign commerce with consequent injurious effects to the instrumentalities of such commerce and with excessive increases in the prices of wheat and its products in interstate and foreign commerce.

It is in the interest of the general welfare that interstate and foreign commerce in wheat and its products be protected from such burdensome surpluses and distressing shortages, and that a supply of wheat be maintained which is adequate to meet domestic consumption and export requirements in years of drought, flood, and other adverse conditions as well as in years of plenty, and that the soil resources of the Nation be not wasted in the production of such burdensome surpluses. Such surpluses result in disastrously low prices of wheat and other grains to wheat producers, destroy the purchasing power of grain producers for industrial products, and reduce the value of the agricultural assets supporting the national credit structure. Such shortages of wheat result in unreasonably high prices of flour and bread to consumers and loss of market outlets by wheat producers.

The conditions affecting the production and marketing of wheat are such that, without Federal assistance, farmers, individually or in cooperation, cannot effectively prevent the recurrence of such surpluses and shortages and the burdens on interstate and foreign commerce resulting therefrom, maintain normal supplies of wheat, or provide for the orderly marketing thereof in interstate and foreign commerce.

The provisions of this Part affording a cooperative plan to wheat producers are necessary in order to minimize recurring surpluses and shortages of wheat in interstate and foreign commerce, to provide for the maintenance of adequate reserve supplies thereof, and to provide for an adequate flow of wheat and its products in interstate and foreign commerce. The provisions hereof for regulation of marketings by producers of wheat whenever an abnormally excessive supply of such commodity exists are necessary in order to maintain an orderly flow of wheat in interstate and foreign commerce under such conditions.

PROCLAMATIONS OF SUPPLIES AND ALLOTMENTS

SEC. 332. Not later than July 15 of each marketing year for wheat, the Secretary shall ascertain and proclaim the total supply and the normal supply of wheat for such marketing year, and the national acreage allotment for the next crop of wheat.

Proclamations of supplies and allotments.

NATIONAL ACREAGE ALLOTMENT

SEC. 333. The national acreage allotment for any crop of wheat shall be that acreage which the Secretary determines will, on the basis of the national average yield for wheat, produce an amount thereof adequate, together with the estimated carry-over at the beginning of the marketing year for such crop, to make available a supply for such marketing year equal to a normal year's domestic consumption and exports plus 30 per centum thereof. The national acreage allotment for wheat for 1938 shall be sixty-two million five hundred thousand acres.

National acreage allotment.
Post, p. 775.

APPORTIONMENT OF NATIONAL ACREAGE ALLOTMENT

SEC. 334. (a) The national acreage allotment for wheat shall be apportioned by the Secretary among the several States on the basis of the acreage seeded for the production of wheat during the ten calendar years immediately preceding the calendar year in which the national acreage allotment is determined (plus, in applicable years, the acreage diverted under previous agricultural adjustment and conservation programs), with adjustments for abnormal weather conditions and for trends in acreage during such period.

Apportionment.

State acreage allotment.
Post, p. 203.

(b) The State acreage allotment for wheat shall be apportioned by the Secretary among the counties in the State, on the basis of the acreage seeded for the production of wheat during the ten calendar years immediately preceding the calendar year in which the national acreage allotment is determined (plus, in applicable years, the net acreage diverted under previous agricultural adjustment and conservation programs), with adjustments for abnormal weather conditions and trends in acreage during such period and for the promotion of soil-conservation practices.

County allotment.

(c) The allotment to the county shall be apportioned by the Secretary, through the local committees, among the farms within the county on the basis of tillable acres, crop-rotation practices, type of soil, and topography. Not more than 3 per centum of such county allotment shall be apportioned to farms on which wheat has not been planted during any of the three marketing years immediately preceding the marketing year in which the allotment is made.

Marketing quotas.

MARKETING QUOTAS

Effective upon proclamation of the Secretary.

SEC. 335. (a) Whenever it shall appear that the total supply of wheat as of the beginning of any marketing year will exceed a normal year's domestic consumption and exports by more than 35 per centum, the Secretary shall, not later than the May 15 prior to the beginning of such marketing year, proclaim such fact and, during the marketing year beginning July 1 and continuing throughout such marketing year, a national marketing quota shall be in effect with respect to the marketing of wheat. The Secretary shall ascertain and specify in the proclamation the amount of the national marketing quota in terms of a total quantity of wheat and also in terms of a marketing percentage of the national acreage allotment for the current crop which he determines will, on the basis of the national average yield of wheat, produce the amount of the national marketing quota. Marketing quotas for any marketing year shall be in effect with respect to wheat harvested in the calendar year in which such marketing year begins notwithstanding that the wheat is marketed prior to the beginning of such marketing year. No marketing quota with respect to the marketing of wheat shall be in effect for the marketing year beginning July 1, 1938, unless prior to the date of the proclamation of the Secretary, provision has been made by law for the payment, in whole or in part, in 1938 of parity payments with respect to wheat.

Contents of proclamation.

Amount of national marketing quota, computation.

(b) The amount of the national marketing quota for wheat shall be equal to a normal year's domestic consumption and exports plus 30 per centum thereof, less the sum of (1) the estimated carry-over of wheat as of the beginning of the marketing year with respect to which the quota is proclaimed and (2) the estimated amount of wheat which will be used on farms as seed or livestock feed during the marketing year.

Farm marketing quota, computation.

(c) The farm marketing quota for any farm for any marketing year shall be a number of bushels of wheat equal to the sum of—

(1) A number of bushels equal to the normal production of a number of acres determined by applying the marketing percentage specified in the quota proclamation to the farm acreage allotment for the current crop; and

(2) A number of bushels of wheat equal to the amount, or part thereof, of wheat from any previous crop which the farmer has on hand which, had such amount, or part thereof, been marketed during the preceding marketing year in addition to the wheat actually marketed during such preceding marketing year, could have been marketed without penalty.

In no event shall the farm marketing quota for any farm be less than the normal production of half the farm acreage allotment for the farm.

(d) No farm marketing quota with respect to wheat shall be applicable in any marketing year to any farm on which the normal production of the acreage planted to wheat of the current crop is less than one hundred bushels.

Minimum farm marketing quota.

Small crop farms.

REFERENDUM

SEC. 336. Between the date of the issuance of any proclamation of any national marketing quota for wheat and June 10, the Secretary shall conduct a referendum, by secret ballot, of farmers who will be subject to the quota specified therein to determine whether such farmers favor or oppose such quota. If more than one-third of the farmers voting in the referendum oppose such quota, the Secretary shall, prior to the effective date of such quota, by proclamation suspend the operation of the national marketing quotas with respect to wheat.

Referendum.

Effect of vote on quota.

ADJUSTMENT AND SUSPENSION OF QUOTAS

SEC. 337. (a) If the total supply as proclaimed by the Secretary within forty-five days after the beginning of the marketing year is less than that specified in the proclamation by the Secretary under section 335 (a), then the national marketing quota specified in the proclamation under such section shall be increased accordingly.

(b) Whenever it shall appear from either the July or the August production estimates, officially published by the Division of Crop and Livestock Estimates of the Bureau of Agricultural Economics of the Department, that the total supply of wheat as of the beginning of the marketing year was less than a normal year's domestic consumption and exports plus 30 per centum thereof, the Secretary shall proclaim such fact prior to July 20, or August 20, as the case may be, if farm marketing quotas have been announced with respect to the crop grown in such calendar year. Thereupon such quotas shall become ineffective.

Adjustment and suspension of quotas.

TRANSFER OF QUOTAS

SEC. 338. Farm marketing quotas for wheat shall not be transferable, but, in accordance with regulations prescribed by the Secretary for such purpose, any farm marketing quota in excess of the supply of wheat for such farm for any marketing year may be allocated to other farms on which the acreage allotment has not been exceeded.

Transfer of quotas.

PENALTIES

SEC. 339. Any farmer who, while farm marketing quotas are in effect, markets wheat in excess of the farm marketing quota for the farm on which such wheat was produced, shall be subject to a penalty of 15 cents per bushel of the excess so marketed.

Penalties.

PART IV—MARKETING QUOTAS—COTTON

Part IV—Marketing quotas—Cotton.

LEGISLATIVE FINDINGS

SEC. 341. American cotton is a basic source of clothing and industrial products used by every person in the United States and by substantial numbers of people in foreign countries. American cotton is sold on a world-wide market and moves from the places of pro-

Legislative findings.

duction almost entirely in interstate and foreign commerce to processing establishments located throughout the world at places outside the State where the cotton is produced.

Fluctuations in supplies of cotton and the marketing of excessive supplies of cotton in interstate and foreign commerce disrupt the orderly marketing of cotton in such commerce with consequent injury to and destruction of such commerce. Excessive supplies of cotton directly and materially affect the volume of cotton moving in interstate and foreign commerce and cause disparity in prices of cotton and industrial products moving in interstate and foreign commerce with consequent diminution of the volume of such commerce in industrial products.

The conditions affecting the production and marketing of cotton are such that, without Federal assistance, farmers, individually or in cooperation, cannot effectively prevent the recurrence of excessive supplies of cotton and fluctuations in supplies, cannot prevent indiscriminate dumping of excessive supplies on the Nation-wide and foreign markets, cannot maintain normal carry-overs of cotton, and cannot provide for the orderly marketing of cotton in interstate and foreign commerce.

It is in the interest of the general welfare that interstate and foreign commerce in cotton be protected from the burdens caused by the marketing of excessive supplies of cotton in such commerce, that a supply of cotton be maintained which is adequate to meet domestic consumption and export requirements in years of drought, flood, and other adverse conditions as well as in years of plenty, and that the soil resources of the Nation be not wasted in the production of excessive supplies of cotton.

The provisions of this Part affording a cooperative plan to cotton producers are necessary and appropriate to prevent the burdens on interstate and foreign commerce caused by the marketing in such commerce of excessive supplies, and to promote, foster, and maintain an orderly flow of an adequate supply of cotton in such commerce.

FINDING AND PROCLAMATION OF SUPPLIES, AND SO FORTH

Finding and proclamation of supplies, etc.

SEC. 342. Not later than November 15 of each year the Secretary shall find and proclaim (a) the total supply, the normal supply, and the carry-over of cotton as of August 1 of such year, (b) the probable domestic consumption of American cotton during the marketing year commencing August 1 of such year, (c) the probable exports of American cotton during such marketing year, and (d) the estimated carry-over of cotton as of the next succeeding August 1. For the marketing year 1937-1938 the Secretary shall make all the findings and proclamations provided for in this section not later than ten days after the date of the enactment of this Act.

AMOUNT OF NATIONAL ALLOTMENT

Amount of national allotment.

SEC. 343. (a) Not later than November 15 of each year the Secretary shall find and proclaim the amount of the national allotment of cotton for the succeeding calendar year in terms of standard bales of five hundred pounds gross weight. The national allotment shall be the number of bales of cotton adequate, together with the estimated carry-over as of August 1 of such succeeding calendar year, to make available a supply of cotton, for the marketing year begin-

ning on such August 1, equal to the normal supply. The finding and proclamation of the national allotment for the calendar year 1938 shall be made not later than ten days after the date of the enactment of this Act.

(b) If the national allotment for 1938 or 1939 is determined to be less than ten million bales, the national allotment for such year shall be ten million bales for such year, as the case may be. If the national allotment for 1938 or 1939 is determined to be more than eleven million five hundred thousand bales, it shall be eleven million five hundred thousand bales for such year, as the case may be.

(c) Notwithstanding the foregoing provisions of this section, the national allotment for 1938 and for 1939 shall be increased by a number of bales equal to the production of the acres allotted under section 344 (e) for such year.

Finding and proclamation of, for 1938; time limitation.

Determination of, for 1938 or 1939.

Increase, for 1938 and 1939. Post, p. 203.

APPORTIONMENT OF NATIONAL ALLOTMENT

SEC. 344. (a) The national allotment for cotton for each year (excluding that portion of the national allotment provided for in section 343 (c)) shall be apportioned by the Secretary among the several States on the basis of the average, for the five years preceding the year in which the national allotment is determined, of the normal production of cotton in each State. The normal production of a State for a year shall be (1) the quantity produced therein plus (2) the normal yield of the acres diverted in each county in the State under the previous agricultural adjustment or conservation programs. The normal yield of the acres diverted in any county in any year shall be the average yield per acre of the planted acres in such county in such year times the number of acres diverted in such county in such year.

(b) The Secretary shall ascertain, on the basis of the average yield per acre in each State, a number of acres in such State which will produce a number of bales equal to the allotment made to the State under subsection (a). Such number of acres is referred to as the "State acreage allotment". The average yield per acre for any State shall be determined on the basis of the average of the normal production for the State for the years used in computing the allotment to the State, and the average, for the same period, of the acres planted and the acres diverted in the State.

(c) (1) The State acreage allotment (less the amount required for apportionment under paragraph (2)) shall be apportioned annually by the Secretary to the counties in the State. The apportionment to the counties shall be made on the basis of the acreage planted to cotton during the five calendar years immediately preceding the calendar year in which the State allotment is apportioned (plus, in applicable years, the acreage diverted under previous agricultural adjustment and conservation programs), with adjustments for abnormal weather conditions and trends in acreage during such five-year period.

(2) Not more than 2 per centum of the State acreage allotment shall be apportioned to farms in such State which were not used for cotton production during any of the three calendar years immediately preceding the year for which the allotment is made, on the basis of land, labor, and equipment available for the production of cotton; crop rotation practices; and the soil and other physical facilities affecting the production of cotton.

(d) The allotment apportioned to the county under subsection (c) (1), plus any amount allotted to the county under subsection (e), shall be apportioned by the Secretary, through the local committees, among the farms within the county on the following basis:

(1) To each farm on which cotton has been planted during any of the previous three years there shall be allotted the smaller of the following—

(A) Five acres; or

(B) The highest number of acres planted to cotton (plus the acres diverted from the production of cotton under the agricultural adjustment or conservation programs) in any year of such three-year period;

(2) Not more than 3 per centum of the amount remaining, after making the allotments provided for under paragraph (1), shall be allotted, upon such basis as the Secretary deems fair and equitable, to farms (other than farms to which an allotment has been made under paragraph (1) (B)) to which an allotment of not exceeding fifteen acres may be made under other provisions of this subsection; and

(3) The remainder of the total amount available to the county shall be allotted to farms on which cotton has been planted during any of the previous three years (except farms to which an allotment has been made under paragraph (1) (B)). The allotment to each farm under this paragraph, together with the amount of the allotment to such farm under paragraph (1) (A), shall be a prescribed percentage (which percentage shall be the same for all such farms in the county or administrative area) of the acreage, during the preceding year, on the farm which is tilled annually or in regular rotation, excluding from such acreage the acres devoted to the production of wheat, tobacco, or rice for market or for feeding to livestock for market: *Provided, however,* That if a farm would be allotted under this paragraph an acreage, together with the amount of the allotment to such farm under paragraph (1) (A), in excess of the largest acreage planted to cotton plus the acreage diverted from the production of cotton under the agricultural adjustment or conservation program during any of the preceding three years, the acreage allotment for such farm shall not exceed such largest acreage so planted and diverted in any such year.

(e) For 1938 and 1939, the Secretary shall allot to the several counties, to which an apportionment is made under subsection (c), a number of acres required to provide a total acreage for allotment under this section to such counties of not less than 60 per centum of the sum of (1) the acreage planted to cotton in such counties in 1937, plus (2) the acreage therein diverted from cotton production in 1937 under the agricultural adjustment and conservation program. The acreage so diverted shall be estimated in case data are not available at the time of making such allotment.

(f) In apportioning the county allotment among the farms within the county, the Secretary, through the local committees, shall take into consideration different conditions within separate administrative areas within a county if any exist, including types, kinds, and productivity of the soil so as to prevent discrimination among the administrative areas of the county.

MARKETING QUOTAS

SEC. 345. Whenever the Secretary determines that the total supply of cotton for any marketing year exceeds by more than 7 per centum the normal supply thereof for such marketing year, the

Secretary shall proclaim such fact not later than November 15 of such marketing year (or, in case of the marketing year 1937-1938, within ten days after the date of enactment of this Act), and marketing quotas shall be in effect during the next succeeding marketing year with respect to the marketing of cotton. Cotton produced in the calendar year in which such marketing year begins shall be subject to the quotas in effect for such marketing year notwithstanding that it may be marketed prior to August 1.

AMOUNT OF FARM MARKETING QUOTAS

SEC. 346. (a) The farm marketing quota for cotton for any farm for any marketing year shall be a number of bales of cotton equal to the sum of—

Amount of farm marketing quotas.

(1) A number of bales equal to the normal production or the actual production, whichever is the greater, of the farm acreage allotment, and

(2) A number of bales equal to the amount, or part thereof, of cotton from any previous crop which the farmer has on hand, which, had such amount, or part thereof, been marketed during the preceding marketing year in addition to the cotton actually marketed during such preceding marketing year, could have been marketed without penalty.

(b) The penalties provided for in section 348 shall not apply to the marketing of cotton produced on any farm for which a farm acreage allotment has been made for the current crop if the production of the current crop does not exceed one thousand pounds of lint cotton.

REFERENDUM

SEC. 347. Not later than December 15 of any calendar year in which a proclamation of farm marketing quotas pursuant to the provisions of this Part has been made, the Secretary shall conduct a referendum, by secret ballot, of farmers who were engaged in production of the crop harvested prior to the holding of the referendum to determine whether they favor or oppose such quotas. If more than one-third of the farmers voting in the referendum oppose such quotas, the Secretary shall, prior to the end of such calendar year, proclaim the result of the referendum, and upon such proclamation the quotas shall become ineffective. If a proclamation under section 345 is made with respect to the 1938 crop, the referendum with respect to such crop shall be held not later than thirty days after the date of the enactment of this Act and the result thereof shall be proclaimed not later than forty-five days after such date.

PART V—MARKETING QUOTAS—RICE

LEGISLATIVE FINDING

Legislative finding.

SEC. 351. (a) The marketing of rice constitutes one of the great basic industries of the United States with ramifying activities which directly affect interstate and foreign commerce at every point, and stable conditions therein are necessary to the general welfare. Rice produced for market is sold on a Nation-wide market, and, with its products, moves almost wholly in interstate and foreign commerce from the producer to the ultimate consumer. The farmers producing such commodity are subject in their operations to uncontrollable natural causes, in many cases such farmers carry on their farming operations on borrowed money or leased lands, and are not so situated as to be able to organize effectively, as can labor and industry, through unions and corporations enjoying Government sanction and protection for joint economic action. For these reasons, among others, the farmers are unable without Federal assistance to control effectively the orderly marketing of such commodity with the result that abnormally excessive supplies thereof are produced and dumped indiscriminately on the Nation-wide market.

(b) The disorderly marketing of such abnormally excessive supplies affects, burdens, and obstructs interstate and foreign commerce by (1) materially affecting the volume of such commodity marketed therein, (2) disrupting the orderly marketing of such commodity therein, (3) reducing the prices for such commodity with consequent injury and destruction of such commerce in such commodity, and (4) causing a disparity between the prices for such commodity in interstate and foreign commerce and industrial products therein, with a consequent diminution of the volume of interstate and foreign commerce in industrial products.

(c) Whenever an abnormally excessive supply of rice exists, the marketing of such commodity by the producers thereof directly and substantially affects interstate and foreign commerce in such commodity and its products, and the operation of the provisions of this Part becomes necessary and appropriate in order to promote, foster, and maintain an orderly flow of such supply in interstate and foreign commerce.

NATIONAL ACREAGE ALLOTMENT

National acreage al-
lotment.

SEC. 352. The national acreage allotment of rice for any calendar year shall be that acreage which the Secretary determines will, on the basis of the national average yield of rice for the five calendar years immediately preceding the calendar year for which such

national average yield is determined, produce an amount of rice adequate, together with the estimated carry-over from the marketing year ending in such calendar year, to make available a supply for the marketing year commencing in such calendar year not less than the normal supply. Such national acreage allotment shall be proclaimed not later than December 31 of each year.

APPORTIONMENT OF NATIONAL ACREAGE ALLOTMENT

SEC. 353. (a) The national acreage allotment of rice for each calendar year shall be apportioned by the Secretary among the several States in which rice is produced in proportion to the average number of acres of rice in each State during the five-year period immediately preceding the calendar year for which such national acreage allotment of rice is determined (plus, in applicable years, the acreage diverted under previous agricultural adjustment and conservation programs) with adjustments for trends in acreage during the applicable period.

Apportionment of national acreage allotment.

(b) Not less than 97 per centum of the acreage allotted to any State shall be apportioned annually by the Secretary through local and State committees of farmers among the persons producing rice within such State on the basis of past production of rice; land, labor, and available equipment for the production of rice; crop-rotation practices, soil fertility, and other physical factors affecting the production of rice: *Provided*, That not exceeding 3 per centum of the acreage allotted to each State shall be apportioned annually by the Secretary through local and State committees of farmers among persons who for the first time in the past five years are producing rice on the basis of the applicable standards of apportionment set forth in this subsection: *Provided further*, That a person producing rice for the first time in five years shall not be allotted an acreage in excess of 75 per centum of the allotment that would be made to him if he were not producing rice for the first time in such five years.

Allotments to States, apportionment through local, etc., committees.

Provisos. Apportionment to persons producing rice for first time in five years.

Acreage restriction.

DOMESTIC ALLOTMENT OF RICE

SEC. 354. (a) Not later than December 31 of each year the Secretary shall ascertain from the latest available statistics of the Department and shall proclaim the total amount of rice which will be needed during the next succeeding marketing year to meet the requirements of consumers in the United States. Such amount is hereinafter referred to as the "domestic allotment of rice".

Domestic allotment of rice.

(b) The domestic allotment of rice for each marketing year shall be apportioned by the Secretary among the several States in which rice is produced in proportion to the average amount of rice produced in each State during the five-year period including the calendar year in which such domestic allotment is announced (plus, in applicable years, the normal production of any acreage diverted under previous agricultural adjustment and conservation programs), with adjustments for abnormal weather conditions and trends in acreage during the applicable period.

Annual apportionment among rice-producing States.

(c) The Secretary shall provide, through local and State committees of farmers, for the allotment of each State apportionment among persons producing rice in such State. The apportionment of the domestic allotment of rice among persons producing rice in each State shall be on the basis of the aggregate normal yields of the acreage allotments established with respect to such persons.

SEC. 355. (a) If at the time of any proclamation made under the provisions of section 354 (a) it shall appear from the latest available statistics of the Department that the total supply of rice exceeds the normal supply thereof for the current marketing year by more than 10 per centum of such normal supply, the Secretary shall also proclaim that, beginning on the first day of the marketing year next following and continuing throughout such year a national marketing quota shall be in effect for marketings of rice by producers: *Provided*, That no marketing quota shall be in effect for the marketing year commencing August 1, 1938. The Secretary shall also ascertain and specify in such proclamation the amount of the national marketing quota in terms of the total quantity thereof which may be marketed by producers which shall be that amount of rice which the Secretary determines will make available during such marketing year a normal supply.

(b) Within thirty days after the date of the issuance of the proclamation specified in subsection (a) of this section, the Secretary shall conduct a referendum, by secret ballot, of producers who would be subject to the national marketing quota for rice to determine whether such producers are in favor of or opposed to such quota. If more than one-third of the producers voting in the referendum oppose such quota, the Secretary shall, prior to the 15th day of February, proclaim the result of the referendum, and such quota shall not become effective.

(c) The national marketing quota shall be apportioned among States and persons producing rice in each State, including new producers, in the manner and upon the basis set forth in section 354 for the apportionment of the domestic allotment of rice.

(d) Marketing quotas may be transferred only in such manner and subject to such conditions as the Secretary may prescribe by regulations.

PENALTIES

Penalties.

SEC. 356. Any producer who markets rice in excess of his marketing quota shall be subject to a penalty of one-quarter of 1 cent per pound of the excess so marketed.

and review of quotas.

SUBTITLE C—ADMINISTRATIVE PROVISIONS

PART I—PUBLICATION AND REVIEW OF QUOTAS

APPLICATION OF PART

Application of Part.

Ante, p. 45.

SEC. 361. This Part shall apply to the publication and review of farm marketing quotas established for tobacco, corn, wheat, cotton, and rice, established under subtitle B.

PUBLICATION AND NOTICE OF QUOTA

Publication and no-
tice of quota.

SEC. 362. All acreage allotments, and the farm marketing quotas established for farms in a county or other local administrative area shall, in accordance with regulations of the Secretary, be made and kept freely available for public inspection in such county or other local administrative area. An additional copy of this information shall be kept available in the office of the county agricultural extension agent or with the chairman of the local committee. Notice of the farm marketing quota of his farm shall be mailed to the farmer.

REVIEW BY REVIEW COMMITTEE

SEC. 363. Any farmer who is dissatisfied with his farm marketing quota may, within fifteen days after mailing to him of notice as provided in section 362, have such quota reviewed by a local review committee composed of three farmers appointed by the Secretary. Such committee shall not include any member of the local committee which determined the farm acreage allotment, the normal yield, or the farm marketing quota for such farm. Unless application for review is made within such period, the original determination of the farm marketing quota shall be final.

Review by review committee.

Ante, p. 62.

REVIEW COMMITTEE

SEC. 364. The members of the review committee shall receive as compensation for their services the same per diem as that received by the members of the committee utilized for the purposes of the Soil Conservation and Domestic Allotment Act, as amended. The members of the review committee shall not be entitled to receive compensation for more than thirty days in any one year.

Review committee members, compensation.

INSTITUTION OF PROCEEDINGS

SEC. 365. If the farmer is dissatisfied with the determination of the review committee, he may, within fifteen days after a notice of such determination is mailed to him by registered mail, file a bill in equity against the review committee as defendant in the United States district court, or institute proceedings for review in any court of record of the State having general jurisdiction, sitting in the county or the district in which his farm is located, for the purpose of obtaining a review of such determination. Bond shall be given in an amount and with surety satisfactory to the court to secure the United States for the costs of the proceeding. The bill of complaint in such proceeding may be served by delivering a copy thereof to any one of the members of the review committee. Thereupon the review committee shall certify and file in the court a transcript of the record upon which the determination complained of was made, together with its findings of fact.

COURT REVIEW

SEC. 366. The review by the court shall be limited to questions of law, and the findings of fact by the review committee, if supported by evidence, shall be conclusive. If application is made to the court for leave to adduce additional evidence, and it is shown to the satisfaction of the court that such additional evidence is material and that there were reasonable grounds for failure to adduce such evidence in the hearing before the review committee, the court may direct such additional evidence to be taken before the review committee in such manner and upon such terms and conditions as to the court may seem proper. The review committee may modify its findings of fact or its determination by reason of the additional evidence so taken, and it shall file with the court such modified findings or determination, which findings of fact shall be conclusive. At the earliest convenient time, the court, in term time or vacation, shall hear and determine the case upon the original record of the hearing before the review committee, and upon such record as supplemented if supplemented, by further hearing before the review committee pursuant to direction of the court. The court shall affirm the review committee's determination, or modified determination, if the court determines that the same is in accordance with law. If the court determines that such determination or modified determination is

not in accordance with law, the court shall remand the proceeding to the review committee with direction either to make such determination as the court shall determine to be in accordance with law or to take such further proceedings as, in the court's opinion, the law requires.

STAY OF PROCEEDINGS AND EXCLUSIVE JURISDICTION

Stay of proceedings and exclusive jurisdiction.

SEC. 367. The commencement of judicial proceedings under this Part shall not, unless specifically ordered by the court, operate as a stay of the review committee's determination. Notwithstanding any other provision of law, the jurisdiction conferred by this Part to review the legal validity of a determination made by a review committee pursuant to this Part shall be exclusive. No court of the United States or of any State shall have jurisdiction to pass upon the legal validity of any such determination except in a proceeding under this Part.

NO EFFECT ON OTHER QUOTAS

No effect on other quotas.

SEC. 368. Notwithstanding any increase of any farm marketing quota for any farm as a result of review of the determination thereof under this Part, the marketing quotas for other farms shall not be affected.

Part II—Adjustment of quotas and enforcement.

PART II.—ADJUSTMENT OF QUOTAS AND ENFORCEMENT

GENERAL ADJUSTMENTS OF QUOTAS

General adjustments of quotas.

SEC. 371. (a) If at any time the Secretary has reason to believe that in the case of corn, wheat, cotton, rice, or tobacco the operation of farm marketing quotas in effect will cause the amount of such commodity which is free of marketing restrictions to be less than the normal supply for the marketing year for the commodity then current, he shall cause an immediate investigation to be made with respect thereto. In the course of such investigation due notice and opportunity for hearing shall be given to interested persons. If upon the basis of such investigation the Secretary finds the existence of such fact, he shall proclaim the same forthwith. He shall also in such proclamation specify such increase in, or termination of, existing quotas as he finds, on the basis of such investigation, is necessary to make the amount of such commodity which is free of marketing restrictions equal the normal supply.

Emergencies, etc.

(b) If the Secretary has reason to believe that, because of a national emergency or because of a material increase in export demand, any national marketing quota for corn, wheat, cotton, rice, or tobacco should be increased or terminated, he shall cause an immediate investigation to be made to determine whether the increase or termination is necessary in order to effectuate the declared policy of this Act or to meet such emergency or increase in export demand. If, on the basis of such investigation, the Secretary finds that such increase or termination is necessary, he shall immediately proclaim such finding (and if he finds an increase is necessary, the amount of the increase found by him to be necessary) and thereupon such quota shall be increased, or shall terminate, as the case may be.

National marketing quota increase; effect of.

(c) In case any national marketing quota for any commodity is increased under this section, each farm marketing quota for the commodity shall be increased in the same ratio.

Corn.

(d) In the case of corn, whenever such proclamation specifies an increase in marketing quotas, the storage amounts applicable to corn shall be adjusted downward to the amount which would have been required to be stored if such increased marketing quotas had

been in effect. Whenever in the case of corn, such proclamation provides for termination of marketing quotas, storage under seal shall no longer be required.

PAYMENT AND COLLECTION OF PENALTIES

Penalties.

SEC. 372. (a) The penalty with respect to the marketing, by sale, of wheat, cotton, or rice, if the sale is to any person within the United States, shall be collected by the buyer.

Payment and collection.

(b) All penalties provided for in Subtitle B shall be collected and paid in such manner, at such times, and under such conditions as the Secretary may by regulations prescribe. Such penalties shall be remitted to the Secretary by the person liable for the penalty, except that if any other person is liable for the collection of the penalty, such other person shall remit the penalty. The amount of such penalties shall be covered into the general fund of the Treasury of the United States.

Ante, p. 45.

Post, p. 204.

REPORTS AND RECORDS

SEC. 373. (a) This subsection shall apply to warehousemen, processors, and common carriers of corn, wheat, cotton, rice, or tobacco, and all ginners of cotton, all persons engaged in the business of purchasing corn, wheat, cotton, rice, or tobacco from producers, and all persons engaged in the business of redrying, prizing, or stemming tobacco for producers. Any such person shall, from time to time on request of the Secretary, report to the Secretary such information and keep such records as the Secretary finds to be necessary to enable him to carry out the provisions of this title. Such information shall be reported and such records shall be kept in accordance with forms which the Secretary shall prescribe. For the purpose of ascertaining the correctness of any report made or record kept, or of obtaining information required to be furnished in any report, but not so furnished, the Secretary is hereby authorized to examine such books, papers, records, accounts, correspondence, contracts, documents, and memoranda as he has reason to believe are relevant and are within the control of such person. Any such person failing to make any report or keep any record as required by this subsection or making any false report or record shall be deemed guilty of a misdemeanor and upon conviction thereof shall be subject to a fine of not more than \$500.

Reports and records.

Examination of books, etc.

Penalty provision.

(b) Farmers engaged in the production of corn, wheat, cotton, rice, or tobacco for market shall furnish such proof of their acreage, yield, storage, and marketing of the commodity in the form of records, marketing cards, reports, storage under seal, or otherwise as the Secretary may prescribe as necessary for the administration of this title.

Proof of acreage, marketing, etc., by farmers.

(c) All data reported to or acquired by the Secretary pursuant to this section shall be kept confidential by all officers and employees of the Department, and only such data so reported or acquired as the Secretary deems relevant shall be disclosed by them, and then only in a suit or administrative hearing under this title.

Acquired data to be kept confidential.

MEASUREMENT OF FARMS AND REPORT OF PLANTINGS

SEC. 374. The Secretary shall provide, through the county and local committees, for measuring farms on which corn, wheat, cotton, or rice is produced and for ascertaining whether the acreage planted for any year to any such commodity is in excess of the farm acreage allotment for such commodity for the farm under this title. If in the case of any farm the acreage planted to any such commodity on

Measurement of farms and report of plantings.

the farm is in excess of the farm acreage allotment for such commodity for the farm, the committee shall file with the State committee a written report stating the total acreage on the farm in cultivation and the acreage planted to such commodity.

REGULATIONS

Regulations.

SEC. 375. (a) The Secretary shall provide by regulations for the identification, wherever necessary, of corn, wheat, cotton, rice, or tobacco so as to afford aid in discovering and identifying such amounts of the commodities as are subject to and such amounts thereof as are not subject to marketing restrictions in effect under this title.

(b) The Secretary shall prescribe such regulations as are necessary for the enforcement of this title.

COURT JURISDICTION

Court jurisdiction.

SEC. 376. The several district courts of the United States are hereby vested with jurisdiction specifically to enforce the provisions of this title. If and when the Secretary shall so request, it shall be the duty of the several district attorneys in their respective districts, under the direction of the Attorney General, to institute proceedings to collect the penalties provided in this title. The remedies and penalties provided for herein shall be in addition to, and not exclusive of, any of the remedies or penalties under existing law.

Status of cotton not sold prior to July 1, 1938.

Filing of applications for payment, time limitation.

SEC. 381. (a) For the purposes of the provisions (relating to cotton price adjustment payments with respect to the 1937 cotton crop) of the Third Deficiency Appropriation Act, fiscal year 1937, a producer shall be deemed to have complied with the provisions of the 1938 agricultural adjustment program formulated under the legislation contemplated by Senate Joint Resolution Numbered 207, Seventy-fifth Congress, if his acreage planted to cotton in 1938 does not exceed his farm acreage allotment for 1938 under the Soil Conservation and Domestic Allotment Act, as amended (including the amendments made by this Act), or under section 344 of this Act, whichever is the lesser. For the purposes of this subsection a producer shall not be deemed to have exceeded his farm acreage allotment unless such producer knowingly exceeded his farm acreage allotment. Such compliance shall not be required in any case where the producer is not engaged in cotton production in 1938. In cases where in 1937 a total or partial crop failure resulted from hail, drought, flood, or boll-weevil infestation, if the producer is otherwise eligible for payment, payment shall be made at the rate of 3 cents per pound on the same percentage of the producer's normal base production established by the Secretary as in the case of other producers. For the purpose of such provisions of the Third Deficiency Appropriation Act, fiscal year 1937, cotton not sold prior to July 1, 1938, shall be held and considered to have been sold on June 30, 1938, and all applications for price adjustment payments shall be filed with the Secretary not later than July 15, 1938. Such payments shall be made at the earliest practicable time. Application for payment may be made by the 1937 operator of a farm on behalf of all persons engaged in cotton production on the farm in 1937 and need be signed only by such operator, but payment shall be made directly

to each of the persons entitled thereto. In case any person who is entitled to payment hereunder dies, becomes incompetent, or disappears before receiving such payment or is succeeded by another who renders or completes the required performance, payment shall, without regard to any other provisions of law, be made as the Secretary may determine to be fair and reasonable in all the circumstances and provide by regulations.

Payment in case of death, etc.

(b) Any producer for whom a loan has been made or arranged for by the Commodity Credit Corporation on cotton of his 1937 crop and who has complied with all the provisions of the loan agreement except section 8 thereof, may, at any time before July 1, 1938, transfer his right, title, and interest in and to such cotton to the Corporation; and the Corporation is authorized and directed to accept such right, title, and interest in and to such cotton and to assume all obligations of the producer with respect to the loan on such cotton, including accrued interest and accrued carrying charges to the date of such transfer. The Corporation shall notify the Secretary of Agriculture of each such transfer, and upon receipt of such notice, the Secretary shall as soon as compliance is shown, or a national marketing quota for cotton is put into effect, forthwith pay to such producer a sum equal to 2 cents per pound of such cotton, and the amount so paid shall be deducted from any price adjustment payment to which such producer is entitled.

Commodity Credit Corporation, cotton transfers to.

Notice to Secretary.

(c) The Commodity Credit Corporation is authorized on behalf of the United States to sell any cotton of the 1937 crop so acquired by it, but no such cotton or any other cotton held on behalf of the United States shall be sold unless the proceeds of such sale are at least sufficient to reimburse the United States for all amounts (including any price-adjustment payment) paid out by any of its agencies with respect to the cotton so sold. After July 31, 1939, the Commodity Credit Corporation shall not sell more than three hundred thousand bales of cotton in any calendar month, or more than one million five hundred thousand bales in any calendar year. The proceeds derived from the sale of any such cotton shall be used for the purpose of discharging the obligations assumed by the Commodity Credit Corporation with respect to such cotton, and any amounts not expended for such purpose shall be covered into the Treasury as miscellaneous receipts.

SEPARABILITY

SEC. 390. If any provision of this Act, or the application thereof to any person or circumstance, is held invalid, the validity of the remainder of the Act and the application of such provision to other persons or circumstances, and the provisions of the Soil Conservation and Domestic Allotment Act, as amended, shall not be affected thereby. Without limiting the generality of the foregoing, if any provision of this Act should be held not to be within the power of the Congress to regulate interstate and foreign commerce, such provision shall not be held invalid if it is within the power of the Congress to provide for the general welfare or any other power of the Congress. If any provision of this Act for marketing quotas with respect to any commodity should be held invalid, no provision of this Act for marketing quotas with respect to any other commodity shall be affected thereby. If the application of any provision for a referendum should be held invalid, the application of other provisions shall not be affected thereby. If by reason of any provision for a referendum the application of any such other provision to any person or circumstance is held invalid, the application of such other provision to other persons or circumstances shall not be affected thereby.

(b) In the administration of this title, sections 7 to 17, inclusive, of the Soil Conservation and Domestic Allotment Act, as amended, and section 32, as amended, of the Act entitled "An Act to amend the Agricultural Adjustment Act, and for other purposes", approved August 24, 1935, the aggregate amount expended in any fiscal year, beginning with the fiscal year ending June 30, 1939, for administrative expenses in the District of Columbia, including regional offices, shall not exceed 1 per centum of the total amount available for such fiscal year for carrying out such Acts, and the aggregate amount expended in any fiscal year for administrative expenses in the several States (not including the expenses of county and local committees) shall not exceed 2 per centum of the total amount available for such fiscal year for carrying out such Acts. In the event any administrative expenses of any county or local committee are deducted in any fiscal year, beginning with the fiscal year ending June 30, 1939, from Soil Conservation Act payments, parity payments, or loans, each farmer receiving benefits under such provisions shall be apprised, in the form of a statement to accompany the check evidencing such benefit payment or loan, of the amount or percentage deducted from such benefit payment or loan on account of such administrative expenses. The names and addresses of the members and employees of any county or local committee, and the amount of such compensation received by each of them, shall be posted annually in a conspicuous place in the area within which they are employed.

ALLOTMENT OF APPROPRIATIONS

SEC. 393. All funds for carrying out the provisions of this Act shall be available for allotment to bureaus and offices of the Department, and for transfer to such other agencies of the Federal Government, and to such State agencies, as the Secretary may request to cooperate or assist in carrying out the provisions of this Act.

TITLE IV—COTTON POOL PARTICIPATION TRUST CERTIFICATES

SEC. 401. There is hereby authorized to be appropriated, from any moneys in the Treasury of the United States not otherwise appropriated, the sum of \$1,800,000, or so much thereof as may be required by the Secretary to accomplish the purposes hereinafter declared and authorized. The Secretary of the Treasury is hereby authorized and directed to pay to, or upon the order of, the Secretary, such a part or all of the sum hereby authorized to be appropriated at the request of the Secretary.

SEC. 402. The Secretary is hereby authorized to draw from the Treasury of the United States any part or all of the sum hereby authorized to be appropriated, and to deposit same to his credit with the Treasurer of the United States, under special symbol number, to be available for disbursement for the purposes hereinafter stated.

SEC. 403. The Secretary is hereby authorized to make available, from the sum hereby authorized to be appropriated, to the manager of the cotton pool, such sum or sums as may be necessary to enable the manager to purchase, take up, and cancel, subject to the restrictions hereinafter reserved, pool participation trust certificates, form C-5-I, where such certificates shall be tendered to the manager, cotton pool, by the person or persons shown by the records of the Department to have been the lawful holder and owner thereof on

May 1, 1937, the purchase price to be paid for the certificates so purchased to be at the rate of \$1 per five-hundred-pound bale for every bale or fractional part thereof represented by the certificates C-5-I. The Secretary is further authorized to pay directly, or to advance to, the manager of the cotton pool, to enable him to pay costs and expenses incident to the purchase of certificates as aforesaid, and any balance remaining to the credit of the Secretary, or the manager, cotton pool, not required for the purchase of these certificates in accordance with provisions of this Act, shall, at the expiration of the purchase period, be covered into the Treasury of the United States as miscellaneous receipts.

SEC. 404. The authority of the manager, cotton pool, to purchase and pay for certificates hereunder shall extend to and include the 31st day of July 1938: *Provided*, That after expiration of the said limit, the purchase may be consummated of any certificates tendered to the manager, cotton pool, on or before July 31, 1938, but where for any reason the purchase price shall not have been paid by the manager, cotton pool. The Secretary is authorized to promulgate such rules, regulations, and requirements as in his discretion are proper to effectuate the general purposes of this title, which purpose is here stated to be specifically to authorize the purchase of outstanding pool participation trust certificates, form C-5-I, for a purchase price to be determined at the rate of \$1 per bale, or twenty one-hundredths cent per pound, for the cotton evidenced by the said certificates, provided such certificates be tendered by holders thereof in accordance with regulations prescribed by the Secretary not later than the 31st day of July 1938, and provided such certificates may not be purchased from persons other than those shown by the records of the Department to have been holders thereof on or before the 1st day of May 1937.

SEC. 405. The Secretary is authorized to continue in existence the 1933 cotton producers pool so long as may be required to effectuate the purposes of this title. All expense incident to the accomplishment of purposes of this title may be paid from funds hereby authorized to be appropriated, for which purpose the fund hereby authorized to be appropriated shall be deemed as supplemental to such funds as are now to the credit of the Secretary, reserved for the purpose of defraying operating expenses of the pool.

SEC. 406. After expiration of the time limit herein established, the certificates then remaining outstanding and not theretofore tendered to the manager, cotton pool, for purchase, shall not be purchased and no obligation on account thereof shall exist.

SEC. 407. Nothing in this title shall be construed to authorize the manager, cotton pool, to pay the assignee or any holder of such cotton pool participation trust certificates, form C-5-I, transferred on or before May 1, 1937, as shown by the records of the Department of Agriculture, more than the purchase price paid by the assignee or holder of such certificate or certificates with interest at the rate of 4 per centum per annum from the date of purchase, provided the amount paid such assignee shall not exceed \$1 per bale. Before making payment to any assignee, whose certificates were transferred on or before May 1, 1937, such assignee shall file with the manager, cotton pool, an affidavit showing the amount paid by him for such certificate and the date of such payment, and the manager, cotton pool, is authorized to make payment to such assignee based upon the facts stated in said affidavit as aforesaid.

Title V—Crop insurance.

TITLE V—CROP INSURANCE

SHORT TITLE AND APPLICATION OF OTHER PROVISIONS

Short title; application of other provisions.

SEC. 501. This title may be cited as the "Federal Crop Insurance Act". Except as otherwise expressly provided the provisions in titles I to IV, inclusive, shall not apply with respect to this title, and the term "Act" wherever it appears in such titles shall not be construed to include this title.

DECLARATION OF PURPOSE

Declaration of purpose.

SEC. 502. It is the purpose of this title to promote the national welfare by alleviating the economic distress caused by wheat-crop failures due to drought and other causes, by maintaining the purchasing power of farmers, and by providing for stable supplies of wheat for domestic consumption and the orderly flow thereof in interstate commerce.

Federal Crop Insurance Corporation; creation, principal, etc., offices.

SEC. 503. To carry out the purposes of this title, there is hereby created as an agency of and within the Department of Agriculture a body corporate with the name "Federal Crop Insurance Corporation" (herein called the Corporation). The principal office of the Corporation shall be located in the District of Columbia, but there may be established agencies or branch offices elsewhere in the United States under rules and regulations prescribed by the Board of Directors.

Capital stock.

CAPITAL STOCK

Amount, subscription, etc.
Post, p. 747.

SEC. 504. (a) The Corporation shall have a capital stock of \$100,000,000 subscribed by the United States of America, payment for which shall, with the approval of the Secretary of Agriculture, be subject to call in whole or in part by the Board of Directors of the Corporation.

Stock impairment restoration.

Any impairment of the capital stock described in this subsection shall be restored only out of operating profits of the Corporation.

Sum authorized for purchase of stock.

(b) There is hereby authorized to be appropriated not more than \$100,000,000 for the purpose of subscribing to said stock. No part of such sum shall be available prior to July 1, 1938. The appropriation for such purpose for the fiscal year ending June 30, 1939, shall not exceed \$20,000,000 and shall be made only out of the unexpended balances for the fiscal year ending June 30, 1938, of the sums appropriated pursuant to section 15 of the Soil Conservation and Domestic Allotment Act, as amended.

Limitation on appropriations to be made.

(c) Receipts for payments by the United States of America for or on account of such stock shall be issued by the Corporation to the Secretary of the Treasury and shall be evidence of the stock ownership by the United States of America.

(b) Insofar as applicable, the benefits of the Act entitled "An Act to provide compensation for employees of the United States suffering injuries while in the performance of their duties, and for other purposes", approved September 7, 1916, as amended, shall extend to persons given employment under the provisions of this title, including the employees of the committees and associations referred to in subsection (c) of this section and the members of such committees.

(c) The Board may establish or utilize committees or associations of producers in the administration of this title and make payments to such committees or associations to cover the estimated administrative expenses to be incurred by them in cooperating in carrying out this title and may provide that all or part of such estimated expenses may be included in the insurance premiums provided for in this title.

(d) The Secretary of Agriculture may allot to bureaus and offices of the Department of Agriculture or transfer to such other agencies of the State and Federal Governments as he may request to assist in carrying out this title any funds made available pursuant to the provisions of section 516 of this Act.

(e) In carrying out the provisions of this title the Board may, in its discretion, utilize producer-owned and producer-controlled cooperative associations.

CROP INSURANCE

SEC. 508. To carry out the purposes of this title the Corporation is authorized and empowered—

(a) Commencing with the wheat crop planted for harvest in 1939, to insure, upon such terms and conditions not inconsistent with the provisions of this title as it may determine, producers of wheat against loss in yields of wheat due to unavoidable causes, including drought, flood, hail, wind, winterkill, lightning, tornado, insect infestation, plant disease, and such other unavoidable causes as may be determined by the Board: *Provided, however,* That for the first three years of operation under this title contracts of insurance shall not be made for periods longer than one year. Such insurance shall not cover losses due to the neglect or malfeasance of the producer or to the failure of the producer to reseed in areas and under circumstances where it is customary to reseed. Such insurance shall cover not less than 50 or more than 75 per centum, to be determined by the Board, of the recorded or appraised average yield of wheat on the insured farm for a representative base period subject to such adjustments as the Board may prescribe to the end that the average yields fixed for farms in the same area, which are subject to the same conditions, may be fair and just. The Board may condition the issuance of such insurance in any county or area upon a minimum amount of participation in a program of crop insurance formulated pursuant to this title.

(b) To fix adequate premiums for such insurance, payable either in wheat or cash equivalent as of the due date thereof, on the basis of the recorded or appraised average crop loss of wheat on the insured farm for a representative base period subject to such adjustments as the Board may prescribe to the end that the premiums fixed for farms in the same area, which are subject to the same conditions, may be fair and just. Such premiums shall be collected at such time or times, in such manner, and upon such security as the Board may determine.

(c) To adjust and pay claims for losses either in wheat or in cash equivalent under rules prescribed by the Board. In the event that any claim for indemnity under the provisions of this title is denied

by the Corporation an action on such claim may be brought against the Corporation in the district court of the United States in and for the district in which the insured farm is located, and exclusive jurisdiction is hereby conferred upon such courts to determine such controversies without regard to the amount in controversy: *Provided*, That no suit on such claim shall be allowed under this section unless the same shall have been brought within one year after the date when notice of denial of the claim is mailed to the claimant.

Proviso.
Time for filing suit.

(d) From time to time, in such manner and through such agencies as the Board may determine, to purchase, handle, store, insure, provide storage facilities for, and sell wheat, and pay any expenses incidental thereto, it being the intent of this provision, however, that, insofar as practicable, the Corporation shall purchase wheat only at the rate and to a total amount equal to the payment of premiums in cash by farmers or to replace promptly wheat sold to prevent deterioration; and shall sell wheat only to the extent necessary to cover payments of indemnities and to prevent deterioration: *Provided, however*, That nothing in this section shall prevent prompt offset purchases and sales of wheat for convenience in handling. The restriction on the purchase and sale of wheat provided in this section shall be made a part of any crop insurance agreement made under this title. Notwithstanding any provision of this title, there shall be no limitation upon the legal or equitable remedies available to the insured to enforce against the Corporation the foregoing restriction with respect to purchases and sales of wheat.

Additional powers of Board.

Proviso.
Offset purchases and sales.

INDEMNITIES EXEMPT FROM LEVY

SEC. 509. Claims for indemnities under this title shall not be liable to attachment, levy, garnishment, or any other legal process before payment to the insured or to deduction on account of the indebtedness of the insured or his estate to the United States except claims of the United States or the Corporation arising under this title.

Indemnities exempt from levy.

DEPOSIT OF FUNDS

SEC. 510. All money of the Corporation not otherwise employed may be deposited with the Treasurer of the United States or in any bank approved by the Secretary of the Treasury, subject to withdrawal by the Corporation at any time, or with the approval of the Secretary of the Treasury may be invested in obligations of the United States or in obligations guaranteed as to principal and interest by the United States. Subject to the approval of the Secretary of the Treasury, the Federal Reserve banks are hereby authorized and directed to act as depositories, custodians, and fiscal agents for the Corporation in the performance of its powers conferred by this title.

Deposit of funds.

scribed by said Secretary; and it may also be employed as a financial agent of the Government; and it shall perform all such reasonable duties, as a depository of public money and financial agent of the Government, as may be required of it.

ACCOUNTING BY CORPORATION

Accounting. SEC. 513. The Corporation shall at all times maintain complete and accurate books of account and shall file annually with the Secretary of Agriculture a complete report as to the business of the Corporation. The financial transactions of the Corporation shall be audited at least once each year by the General Accounting Office for the sole purpose of making a report to Congress, together with such recommendations as the Comptroller General of the United States may deem advisable: *Provided*, That such report shall not be made until the Corporation shall have had reasonable opportunity to examine the exceptions and criticisms of the Comptroller General or the General Accounting Office, to point out errors therein, explain or answer the same, and to file a statement which shall be submitted by the Comptroller General with his report.

(a) Whoever makes any statement knowing it to be false, or whoever willfully overvalues any security, for the purpose of influencing in any way the action of the Corporation, or for the purpose of obtaining for himself or another money, property, or anything of value, under this title, shall be punished by a fine of not more than \$5,000 or by imprisonment for not more than two years, or both.

Penalty.

Speculating in any agricultural commodity, etc. (b) No person shall, while acting in any official capacity in the administration of this title, speculate, directly or indirectly, in any agricultural commodity or product thereof, to which this title applies, or in contracts relating thereto, or in the stock or membership interests of any association or corporation engaged in handling, processing, or disposing of any such commodity or product. Any person violating this subsection shall upon conviction thereof be fined not more than \$10,000 or imprisoned not more than two years, or both.

Penalty.

Embezzlement, etc. (c) Whoever, being connected in any capacity with the Corporation, (1) embezzles, abstracts, purloins, or willfully misapplies any moneys, funds, securities, or other things of value, whether belonging to the Corporation or pledged or otherwise entrusted to it; or (2) with intent to defraud the Corporation, or any other body politic or corporate, or any individual, or to deceive any officer, auditor, or examiner of the Corporation, makes any false entry in any book, report, or statement of, or to, the Corporation or draws any order, or issues, puts forth, or assigns any note or other obligation or draft, mortgage, judgment, or decree thereof; or (3) with intent to defraud the Corporation, participates or shares in or receives directly or indirectly any money, profit, property, or benefits through any transaction, loan, commission, contract, or any other act of the Corporation, shall be punished by a fine of not more than \$10,000 or by imprisonment for not more than five years, or both.

Penalty.

Concealment, etc., of property held by Corporation as security. (d) Whoever willfully shall conceal, remove, dispose of, or convert to his own use or to that of another, any property mortgaged or pledged to, or held by, the Corporation, as security for any obligation, shall be punished by a fine of not more than \$5,000 or by imprisonment for not more than two years, or both.

Penalty.

(e) Whoever conspires with another to accomplish any of the acts made unlawful by the preceding provisions of this section shall, on conviction thereof, be subject to the same fine or imprisonment, or both, as is applicable in the case of conviction for doing such unlawful act.

Conspiracy.

(f) The provisions of sections 112, 113, 114, 115, 116, and 117 of the Criminal Code of the United States (U. S. C., title 18, secs. 202 to 207, inclusive) insofar as applicable, are extended to apply to contracts or agreements with the Corporation under this title: *Provided, however,* That the provisions of section 3741 of the Revised Statutes (U. S. C., title 41, sec. 22) and sections 114 and 115 of the Criminal Code of the United States shall not apply to any crop-insurance agreements made under this title.

[CHAPTER 31]

AN ACT

February 18, 1938
[S. 2194]
[Public, No. 431]

To provide for the annual inspection of all motor vehicles in the District of Columbia.

Motor vehicles, District of Columbia. Inspection fee for 1939; thereafter.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That at the time of the registration of each motor vehicle there shall be levied and collected a fee known as the "inspection fee" of \$1 for the calendar year 1939 for each motor vehicle registered in the District of Columbia, including electrics, and that during 1940 and each year thereafter inspection fee thus levied shall be 50 cents on each vehicle.

Payment to collector of taxes.

SEC. 2. The inspection fee shall be paid to the collector of taxes and shall be deposited in the Treasury of the United States to the credit of the special fund created by the Act entitled "An Act to provide for a tax on motor-vehicle fuels sold within the District of Columbia, and for other purposes", approved April 23, 1924, and the Act entitled "An Act to provide additional revenue for the District of Columbia, and for other purposes", approved August 17, 1937.

50 Stat. 676.

Inclusion of estimates of expenses in estimates for District of Columbia. *Post*, p. 1124.

SEC. 3. The annual estimates of appropriations for the government of the District of Columbia for the fiscal year 1939 and succeeding fiscal years shall include estimates of appropriations for the construction and/or rental and/or leasing of ground and buildings, the purchase of equipment and supplies, and the payment of salaries of mechanics, laborers, clerks, and other employees to carry out the annual inspection of all motor vehicles in the District of Columbia.

Motor vehicles of Federal Government, District government, and representatives of foreign governments.

SEC. 4. All motor vehicles owned and officially used by the Government of the United States or by the government of the District of Columbia or by the representatives of foreign governments, shall be subject to annual inspection, such inspections to be furnished without charge.

Authority to refuse, revoke, or suspend registration.

SEC. 5. The Commissioners of the District of Columbia or their designated agent may refuse to register any motor vehicle or trailer which has not been inspected as required, or which is unsafe or improperly equipped, or otherwise unfit to be operated, and for like reason they may revoke or suspend any registration already made: *Provided*, That the provisions of section 13 (a) of the Traffic Acts, District of Columbia, shall be applicable in all cases where registration is refused, revoked, or suspended under the terms of this Act.

Proviso. Application of designated provisions. 44 Stat. 314.

Penalty for violation.

SEC. 6. Any individual, partnership, firm, or corporation found guilty of using or permitting the use of any unregistered motor vehicle or trailer, or who is found guilty of using or permitting the use of the same during the period for which any such vehicle's registration is revoked or suspended under the terms of this Act shall, for each such offense, be fined not more than \$300.

Administrative regulations.

SEC. 7. The Commissioners of the District of Columbia shall make such regulations as in their judgment are necessary for the administration of this Act, and may affix thereto such reasonable fines and penalties as in their judgment are necessary to enforce such regulations.

Approved, February 18, 1938.
