R = Restricted

1/ For all months, data represents fewer than three handlers and is restricted. Producer-handler in-area routes are included with Other Plants beginning March 2001.

2/ Other Plants include: Plants fully regulated under other Federal orders, partially regulated distributing plants, and exempt plants. Also includes producer-handlers beginning March 2001.

3/ Due to restricted producer-handler data, Total Class I In-Area routes are not published for January 2000 through February 2001. However, beginning March 2001, producer-handler routes are combined with routes from Other Plants and the total for the order is not restricted.

4/ Year to date.
