1/ Analysis provided using Assembly Performance Credit Assessment Rate of \$0.50 as requested by Prairie Farms.

2/ Analysis includes producer milk receipts at all FO 5 pool plants (pool distributing plants and pool supply plants) rather than producer milk receipts at pool distributing plants.

Providing producer milk receipts at pool distributing plants would reveal confidential pool supply plant data.

1/ Analysis provided using Assembly Performance Credit Assessment Rate of \$0.50 as requested by Prairie Farms.

2/ Analysis includes producer milk receipts at all FO 7 pool plants (pool distributing plants and pool supply plants) rather than producer milk receipts at pool distributing plants. Providing producer milk receipts at pool distributing plants would reveal confidential pool supply plant data.
