MEMORANDUM OF THE PRINCIPLES OF COOPERATION TO BE OBSERVED IN THE FORMULATION AND ADMINISTRATION OF COMPLEMENTARY ORDERS FOR MILK FOR MARKETING AREAS LOCATED WITHIN THE STATE OF NEW YORK TO BE ISSUED CONCURRENTLY BY THE SECRETARY OF AGRICULTURE AND THE COMMISSIONER OF AGRICULTURE AND MARKETS.

In order that the policies of cooperation embodied in Section 10(i) of Public Act. No. 10, 73d Congress, as amended and as reenacted by the Agricultural Marketing Agreement Act of 1937, and Section 258-n of Article 21 of the Agricultural and Markets Law, State of New York, may have their fullest possible effect in spirit and in practice, the following principles of procedure are hereby mutually approved as the basis of cooperation in marketing areas in the State of New York in which Federal and State complementary and concurrent orders, rules, or regulations may hereafter be issued.

Joint Procedure

It shall be the policy of the Secretary of Agriculture and the Commissioner to act jointly in the formulation and issuance of complementary and concurrent orders regulating the acquisition of milk by handlers and milk dealers who market or in any manner participate in the acquisition, processing, or distribution of milk to be marketed in such marketing areas as may be defined in such complementary and concurrent Federal and State orders, and in pursuance thereof to jointly arrange for cooperation in the conduct of preliminary investigations, to hold joint or concurrent hearings, to jointly consider the facts contained in the record of such hearings, and to maintain a mutual exchange of views conducive to common agreement upon all essential provisions prior to the issuance of either order. The same policy of joint action shall be followed with respect to modifications of or amendments to such orders.

Uniform Provisions

The Secretary of Agriculture and the Commissioner shall, in their respective complementary and concurrent orders for marketing areas within the State of New York, establish (a) identical classifications of milk to which comparable prices, inclusive of authorized assessments, fees, adjustments, or deductions, shall apply, and (b) identical differentials or other terms or conditions of purchase and acquisition and payment to the extent authorized by the respective Federal and State statutes. In the event any method of payment to producers or associations of producers is prescribed by both orders applicable to the same marketing area, provisions for such method shall be so drawn in the respective Federal and State complementary and concurrent orders that the plan of uniformity for all producers or associations of producers supplying the market will not be altered in any way by the fact that the acquisition of such milk or the payment therefor is deemed to be governed by either order. The contents of any such order issued by the Secretary of Agriculture or by the Commissioner shall be limited to terms, conditions, and prices relative to the acquisition of milk by handlers and milk dealers, and accounting and settlement therefor, and the administration thereof.

Exchange of Information

It shall be the policy of the Secretary of Agriculture and the Commissioner to exchange all information essential to the proper administration of their respective complementary and concurrent orders and relative to transactions within the regulatory jurisdiction of such authorities. The confidential nature of information so exchanged shall be subject to the requirements of Section 10(i) of Public No. 10, 73d Congress, as amended and reenacted by the Agricultural Marketing Agreement Act of 1937, and, on the part of the Secretary of Agriculture, to the provisions of the Agricultural and Markets Law, State of New York, and in either case subject to such rules and regulations as may be issued under the respective Federal and State statutes.

Administrative Agency

The Secretary of Agriculture and the Commissioner shall utilize one and the same agency for the administration of each respective complementary and concurrent order, which shall be a market administrator who is approved and designated as such by both the Secretary of Agriculture and the Commissioner. The duties of the market administrator shall be confined to the administration of the orders pursuant to which he has been designated and, while serving in such capacity, the market administrator and such personnel as may be employed by him shall not be utilized by either the Secretary of Agriculture or the Commissioner, during the period of employment, in the administration of any other orders or of the terms or conditions in any other orders not common to both. All employees shall be under the exclusive direction of the market administrator and may be utilized to carry out any of his duties. Nothing herein shall be deemed to prevent the Secretary of Agriculture or the Commissioner from designating the same person as the market administrator of complementary and concurrent orders issued for each of two or more marketing areas within the State of New York.

Finances

Expenses incurred in the maintenance of the market administrator's office shall be paid by assessments or deductions made and collected for this purpose pursuant to the respective complementary and concurrent orders applicable to the same marketing area. Disbursements from the funds so collected shall be at the direction of the market administrator, subject to the audit of both Federal and State authorities. Such assessments or deductions shall be identical in rate and shall be made in such a way that uniformity under the Federal and State orders in returns to producers and gross cost to handlers or milk dealers, inclusive of such assessments or deductions as the case may be, shall not be affected by the manner of making the assessment or deduction under the respective orders.

Administrative expenses shall constitute only those expenses incurred in the performance of the duties of the market administrator as set forth in the respective complementary and concurrent orders applicable to a given marketing area as distinguished from overhead incurred by the Federal or State governments in the administration, supervision, and enforcement of such orders.

Administration

The market administrator designated under complementary and concurrent orders shall use a uniform system in securing periodical reports from handlers and milk dealers, in auditing and verifying the same and in making any and all necessary corrections or adjustments. The general policy of cooperation shall be understood to extend to the interpretation or application of uniform or similar provisions. It is also understood that whatever periodical reports are required to be made by the market administrator to the respective central offices of the Federal and State governments, shall be uniform. Likewise the books, records, and accounts of the market administrator shall be open for inspection and audit to both the Secretary of Agriculture and the Commissioner.

Enforcement

The failure of any person to comply with any of the provisions of a complementary and concurrent order shall be regarded as of mutual concern, and the respective governmental authorities shall be kept fully advised in regard thereto so that a cooperative effort may be made to decide upon a proper course of action. In all matters affecting enforcement of their respective complementary and concurrent orders applicable to the same marketing area, the Secretary of Agriculture and the Commissioner will undertake, both severally and jointly, to utilize all means at their disposal for the effective enforcement of such orders.

MEMORANDUM OF AGREEMENT BETWEEN THE UNITED STATES SECRETARY OF AGRICULTURE AND THE DIRECTOR OF THE OFFICE OF MILK INDUSTRY OF THE STATE OF NEW JERSEY FOR THE FORMULATION AND ADMINISTRATION OF RULES AND ORDERS FOR MILK FOR MARKETING AREAS IN NEW JERSEY*

In order that the policies of cooperation embodied in Public Act No. 10, 73rd Congress, as amended and as reenacted by the Agricultural Marketing Agreement Act of 1937 (7 U.S.C. 601 et seq) hereinafter referred to as the Federal act and Section C.4:12A-25, Chapter 276 P. L. 1941, as amended by Chapter 447 P. L. 1948, as amended by Chapter 159 P. L. 1952, State of New Jersey, Department of Agriculture, Office of Milk Industry, hereinafter referred to as the State act may be effectuated in a practical way, the procedure outlined below is hereby adopted by the Secretary of Agriculture of the United States and the Director of the Office of Milk Industry, State of New Jersey as the framework within which the parties hereto will cooperate with each other in connection with milk orders applicable to the handling of milk in marketing areas located in the State of New Jersey.

I. The Secretary of Agriculture and the Director of the Office of Milk Industry shall work together in matters pertaining to the regulation, as provided in the Federal act, of the procurement of milk by handlers and milk dealers who market or in any manner participate in the procurement, processing, or distribution of milk produced to be marketed in such marketing area or areas as shall be defined in such order or orders. Such collaboration is deemed to include but is not limited to: preliminary investigation, arrangement for and conduct of public rule making proceedings in the manner, and to the extent permitted under the Federal act, Rules and Regulations issued thereunder and the Administrative Procedure Act, appraisal of record evidence, consultation in an effort to reach agreement on all essential provisions supported by evidence in the record, prior to the issuance of any complementary or concurrent order or an amendment thereto.

II. In the event that complementary and concurrent Federal and State orders, rules or regulations prove to be feasible, the following standards or practices will be observed.

Uniform Provisions: The Secretary of Agriculture and the Director of the Office of Milk Industry shall, in their respective complementary and concurrent orders for marketing areas within the State of New Jersey, establish identical regulatory provisions to the extent authorized by the respective Federal and State acts. Notwithstanding the fact that the Director of the Office of Milk Industry may have authority under state law to regulate milk or the handling thereof in ways other than is authorized by the above cited Federal statute, the state order herein described shall be limited to the same terms and conditions as may be included in the Federal Milk Order.

Administrative Agency: The Secretary of Agriculture will consult with the Director of the Office of Milk Industry prior to the designation of the agency to administer the Federal order and the Director of the Office of Milk Industry will utilize the same agency for the administration of the concurrent state order, which shall be a market administrator. Except as otherwise agreed to in writing between the parties hereto, the duties of the market administrator shall be confined to the administration of the orders pursuant to which he has been designated and, while serving in such capacity, the market administrator and such personnel as may be employed by him shall not be utilized by either the Federal or State authorities during the period of employment, in the administration of any other orders not common to both authorities. All employees shall be under the exclusive direction of the market administrator and may be utilized to carry out any of his duties. Nothing in this arrangement shall be deemed to change the responsibility of the market administrator to the Secretary of Agriculture or to change the status of the market administrator or that of any of his employees as persons engaged in the administration of a Federal milk order or as affecting or modifying in any way such rights, duties or privileges as may exist by reason thereof. The Secretary of Agriculture and the Director of the Office of Milk Industry may also designate the same person as the market administrator of other complementary and concurrent orders.

Acquisition and Use of Information: In view of the use of a single agency to administer such complementary and concurrent orders and the impracticability or impossibility of identifying information that may be considered as having been received pursuant to one order as distinguished from the other all information received by such agency pursuant to such orders shall be considered as received under both orders insofar as the provisions of 7 U.S.C. 608d of the Federal Act and Section C.4:12A-25 of the State Act regarding the confidentiality of such information are applicable. Therefore, in accordance with the requirements of 7 U. S. C 610(i) of the Federal Act, the Director of the Office of Milk Industry agrees that any and all information acquired from the common agency administering

Such orders will be kept confidential by himself and by all persons associated with him who have access to or use it in the course of their official duties, in a manner similar to that required of Federal officers and employees under the provisions of 7 U. S. C. 608(d) (2).

Finances: Expenses incurred in the maintenance of the market administrator's office and in the exercise of his specified powers and duties shall be paid for from funds collected for this purpose pursuant to the respective complementary and concurrent orders applicable to the same marketing area. Disbursements from the funds so collected shall be at the direction of the market administrator, subject to supervision by the Secretary of Agriculture and to audit by both Federal and State authorities.

Administrative expenses shall constitute only those expenses incurred in the performance of the duties of the market administrator as set forth in the respective complementary and concurrent orders applicable to a given marketing area as distinguished from expenses incurred by the Federal or State governments in the administration of their respective statutes, or in the enforcement of such orders.

Administration: The market administrator designated under complementary and concurrent orders shall use a uniform system in securing periodical reports from handlers and milk dealers, in auditing and verifying the same and in making any and all necessary corrections or adjustments. The general policy of the co-operation shall be understood to extend to the interpretation or application of uniform or similar provisions. The books, records, and accounts of the market administrator shall be open for inspection and audit to the Secretary of Agriculture and the Director of the Office of Milk Industry.

Enforcement: The failure of any person to comply with any of the provisions of a complementary and concurrent order shall be regarded as of mutual concern, and the respective governmental authorities shall be kept fully advised in regard thereto.

In all matters affecting enforcement of their respective complementary and concurrent orders applicable to the same marketing area, the Secretary of Agriculture and the Director of the Office of Milk Industry will undertake to utilize all means at their disposal for the effective enforcement of such orders.

III. The failure of the Secretary of Agriculture and the Director of the Office of Milk Industry to agree with respect to any aspect of the regulatory programs which are the subject matter of this agreement shall not in any way restrict the parties hereto from independently exercising their respective authorities under the Federal Act or the State Act. In the event of the issuance of complementary or concurrent orders or amendments thereto, it is not intended that such issuances shall make the orders dependent in whole or in part upon each other for their validity or legal force and effect.

IV. This Memorandum of Agreement shall be operative and effective when signed by the Secretary of Agriculture and by the Director of the Office of Milk Industry and can be terminated on notice by either party.
