Welcome to Country Dairy

Country Dairy, Inc. is a family owned business that has been processing and bottling milk in West Michigan since 1983. We are a producer-handler, which means that we own and control the process—from our herd of registered Holsteins, to our modern processing plant, to the gallon of milk on your store shelf. By doing this, we provide you the the freshest and best tasting milk!

What do you think of our new milk labels?

The image below shows our new label and old label side-by-side. The new one is on the right. [Click here to enlarge the image](#) and then [let us know what you think of the new look.](#)
