6.QUESTIONS	3

The U.S. Department of Agriculture (USDA) prohibits discrimination in its programs on the basis of race, color, national origin, sex, religion, age, disability, political beliefs, and marital or familial status. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternate means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at (202) 720-2600 (voice and TDD).

To file a complaint, write to the USDA, Office of Civil Rights, Room 326-W, 1400 Independence Avenue, SW, Washington, DC 20250-9410, or call (202) 720-5964 (voice and TDD). USDA is an equal employment opportunity employer.

1. PURPOSE

This program notice announces that the Federal Grain Inspection Service (FGIS) has approved the Formica 920-58 “Almond” laminate work surface for official use in inspection of all grains, edible beans, peas and lentils under the United States Grain Standards Act and the Agricultural Marketing Act of 1946.

2. BACKGROUND

FGIS has periodically approved new laminate work surface colors, especially as color lines are discontinued by manufacturers. The following table lists laminate work surfaces that are approved for use but have been discontinued and are no longer available. The most recent addition to that list is the Wilsonart D456-60 Café Crème laminate work surface that was discontinued December 30, 2017.

Manufacturer	Color Code	Name	Finish	Remarks
Formica	7891-58	“Wheat”	Matte	No longer available, but approved for use
Formica	891	“Wheat”	#64, #65 & Matte	No longer available, but approved for use
Formica	864	“Cream of Wheat”	Matte	No longer available, but approved for use
Wilsonart	D329-60	“Bisque”	Matte	No longer available, but approved for use
Wilsonart	D456-60	“Café Crème”	Matte	Approved but not available after 2017

Investigation of available laminate work surface colors resulted in identification of Formica 920-58 “Almond” as the closest available match to the Café Crème color line. The Almond color line was reviewed by members of the Board of Appeals and Review who agreed to the new color line.

3. APPROVED WORK SURFACE

FGIS has approved the Formica 920-58 (matte) Almond laminate work surface for use in official inspection. Ordering specifications and options are:

Specifications: Name: Almond
 Color Code: 920-58 (matte)

Grade Options: Grade 10, HGS - 0.044 Inches (1.1 mm), General Purpose
Grade 12, HGP - 0.035 Inches (0.9 mm), Horizontal Postforming,
recommended
Grade 20, VGP or CLS - 0.027 Inches (0.7 mm), Vertical
Postforming

The Grade 10 laminate work surfaces may require special order resulting in a longer delivery time as it is Made-To-Order (MTO). Manufacturer literature refers to the Grade 20 as being post-formable and “Vertical Grade.”

Order Information:

Formica Corporation
10155 Reading Road
Cincinnati, OH 45241
513-786-3400 phone
513-786-3024 fax
