

[Annex 7]

Methods of Indicating Certification Information of Organic Food, etc. (related to Article 21 (2))

1. Methods of indication on a certified product or the package or container thereof:
 - A. The labeling must conform to the certification information of the operator who has packaged the relevant certified product and, if the producer of the relevant product is not the same as the packer, certification number of the producer must be presented additionally.
 - B. Detailed indication methods for each item of certification information are as follows:
 - 1) Name of certified operator or company name: It shall be presented as in the certificate (if certified as a group, the group name), however, in the case of certification as a group, if the name of an individual producer is to be indicated, the name of the individual producer may be indicated in parentheses after the name of the group.
 - 2) Contact number: The contact number of a sales representative who can provide consumer consulting in relation to the quality management of the relevant product shall be presented.
 - 3) Address of the operation: The address of the packaging place where the relevant product has been packaged shall be presented (should include the street address).
 - 4) Certification number: The certification number indicated in the certificate of conformity of the relevant operator.
 - (5) Place of origin: It shall be presented according to the indication method specified in Article 5 of the Act on Origin Labeling of Agricultural and Fishery Products.
2. Methods of indication on the invoice, transaction statement, or letter of warranty, etc.:

In the case of transacting a certified product without packaging or upon request by the user, the following information shall be presented in the invoice, transaction statement, or letter of warranty, etc. issued by the producer:

 - (1) The labeling items mentioned in subparagraph 1(B)1) through 5)
 - (2) Names of the supplier and the recipient of the relevant product
 - (3) Item, quantity and date of transaction
3. Methods of indication on the indicator board or signpost
 - A. In the case of sale made in unpackaged form or apiece, the labeling items mentioned in subparagraph 1(B)1) through 5) shall be presented on the indicator board or signpost of the relevant certified product.

B. In the case of indication under (A) above, separate stands and sales sections shall be prepared for the relevant certified product in order to prevent mixing with a non-certified product.

4. Others

Any indication that might cause confusion to consumers, such as “pollution-free” or “low-pollution,” is prohibited.

5. The method of displaying certification information and detailed labeling matters under subparagraph 1 through 4 shall be determined and publicly notified by the Director general of the National Agricultural Products Quality Management Service.
