**National Organic Standards Board  
Handling Committee  
Sunset Recommendation – 2012  
Inulin – oligofructose enriched (CAS # 9005-80-5)**

**August 23, 2010**

**List: 205.606 Nonorganically produced agricultural products allowed as ingredients in or on processed products labeled as “organic.”**

**Committee Summary:**

Federal register notice of the sunset of this material elicited no public comments against re-listing.

Review of the original recommendation, historical documents, and public comments does not reveal unacceptable risks to the environment, human or animal health as a result of the use or manufacture of this material. There is no new information contradicting the original recommendation which was the basis for the previous NOSB decisions to list this material. As a 205.606 listed material, it is subject to commercial availability scrutiny for use in organic products.

**Committee Recommendation(s):**

The handling committee recommends the renewal of the following substance in this use category as published in the final rule:

Inulin – oligofructose enriched (CAS # 9005-80-5)
