Preface	i
Acknowledgements.....	ii
Chapter Authors and Other Contributors	iii
Executive Summary.....	v
Transportation Issues Affecting Agricultural Shippers	v
Transportation Supports Rural America	vi
Transporting Biofuels.....	vii
Transporting Coal.....	vii
Rail Competition and Agriculture.....	viii
Rail Rates.....	ix
Rail Service	ix
Rail Capacity	x
Rail Investment	x
Rail Rate Relief	xi
Barge Transportation	xi
Truck Transportation.....	xii
Ocean Transportation	xiii
Multimodal Issues	xiii
Contents.....	xv
Figures.....	xx
Tables	xxvii
Chapter 1: Introduction and Overview	1
Agriculture Requires Transportation	1
Agriculture, Trade, and the Economy	3
Railroads.....	4
Barge Transportation	8
Ocean Transportation	11
Truck Transportation.....	15
Conclusions	18
Chapter 2: The Importance of Freight Transportation to Agriculture.....	19
How Agriculture Uses Transportation	20
Relative Modal Importance	22
Moving Agricultural Commodities to Market.....	27
Grains and Oilseeds Profile	27
Corn Profile	34
Soybean Profile	40
Wheat Profile	44
Rice Profile	49
Livestock and Livestock Products Profile	54
Meat and Poultry Exports Outlook	60
Cattle and Beef Profile	63

Hogs and Pork Profile.....	67
Poultry Profile	70
Dairy Profile.....	73
Fruit and Vegetables Profile.....	79
Apple, Lettuce, and Potato Profiles	89
Apple Profile.....	90
Lettuce Profile	92
Potato Profile	95
Trends in Fruit and Vegetable Consumption	98
Fertilizer Profile	102
Conclusions	113
Chapter 3: How Freight Transportation Supports Rural America	115
Rural America.....	116
Rural Vitality.....	122
Rural Manufacturing	123
Conclusions	129
Appendix 3-1	130
Chapter 4: Biofuels Transportation	131
The Current Distribution System	132
EPA’s Biofuel Distribution Analysis	138
Ethanol and Co-product Transportation.....	142
Potential Phases of Biofuels Expansion from the Transportation Demand Perspective.....	147
Market Uncertainty and its Implications for Infrastructure Investment.....	148
Conclusions	151
Chapter 5: Coal Transportation	153
Production.....	155
Demand and Utilization	160
Transportation Flows	170
Rail Rates.....	173
Service	177
Paper Barriers.....	184
Bottleneck Rates	186
Recent Decision by STB in Favor of Coal Shippers	189
Conclusions	189
Chapter 6: Rail Competition and its Importance to Agriculture.....	191
U.S. Agriculture Depends on Rail Transportation	191
Government Promotion and Regulation of Railroads	193
Rail Competition in an Era of Deregulation	197
Rail-to-Rail Competition.....	203
Geographic and Product Competition	205
Railroad Concentration and Market Shares.....	210
Inverse Herfindahl-Hirschman Analysis of Rail-to-Rail Competition	213
Comparison of Rail-to-Rail Competition and Distance-to-Water Transportation by State..	225
Conclusions	230

Appendix 6-1: Maps of Inverse Herfindahl Index for Rail Shipments.....	232
Appendix 6-2: HHIs and R/VCs for Commodity Groups Analyzed by Number of CRD	237
Appendix 6-3: Waybill Calculation Methodology	238
Chapter 7: Rail Rates.....	239
Importance of Reasonable Rail Rates	239
Rates and Railroad Deregulation	241
Recent Rail Rate Levels	243
Railroad Revenue Adequacy	261
Bottleneck Rates and Rules.....	269
Conclusions	271
Appendix 7-1: Rail Revenues for Agricultural Products.....	273
Chapter 8: Rail Service Performance	277
Concerns from the Agricultural Industry	279
On-time Delivery	281
Lane Closures	288
Effects of Increased Shuttle-Train Movements	288
The Shift to Larger Railcars	291
Rail Line Abandonment.....	293
Paper Barriers.....	294
Consumer Complaints.....	299
Conclusions	302
Chapter 9: Rail Capacity.....	305
Demand and Transportation Capacity.....	306
Agricultural Demand and System Usage.....	309
Factors Influencing Rail Performance	310
Train Speed	311
Dwell Times in Terminals	320
Miles of Track.....	325
Analysis of Rail Equipment Statistics	327
Conclusions	332
Chapter 10: Rail Investment	333
Demand for Rail Freight Movements.....	334
Railroad Investments and Service.....	339
Investment Needs	344
Investment Sources.....	345
Conclusions	348
Chapter 11: Rail Rate Relief Processes for Shippers	351
Regulating Railroads	351
STB’s Rate Regulation	354
Rate Reasonableness Complaints—Finding Market Dominance	356
Types of Cases.....	356
Standard Guidelines for Assessing Rate Reasonableness— Coal Rate Guidelines.....	357
New Simplified Guidelines for Assessing Reasonableness—Non-Coal Rate Guidelines	360
Conclusions	366

Chapter 12: Barge Transportation	369
Barge Traffic	371
Today's Barge Industry.....	373
U.S. Grain and Tank Barge Fleet	374
Barge Rates	376
Condition of the Nation's Inland Waterways	383
Environmental and Economic Uses of the Missouri River.....	391
The Columbia-Snake River System.....	394
Inland Waterways Funding	397
Conclusions	401
Appendix 12-1	402
Chapter 13: Truck Transportation.....	403
Importance of Trucking to Agriculture	403
Trucking Capacity and Service	406
Issues Affecting Capacity of the Roads	420
Economic Regulation and Rates.....	424
Conclusions	432
Appendix 13-1: Commercial Motor Vehicle Definitions	434
Appendix 13-2: Commercial Drivers' License Classifications.....	435
Appendix 13-3: Excerpts from the Surface Transportation Authorization Act of 2009	436
Chapter 14: Ocean Transportation	439
Today's Ocean Transportation Industry	439
Characteristics of the Ocean Shipping Industry.....	441
Bulk Shipping.....	442
Container Shipping.....	447
Government Oversight.....	451
Intermodal Facilities.....	454
Transload Facilities.....	455
Containerized Transportation of Agricultural Products.....	456
Ocean Ports.....	459
Importance of Ocean Ports to Agricultural Movements	459
Port Capacity Constraints.....	467
Rates, Competition, and Service	476
Foreign Trade Regulations	484
Conclusions	486
Appendix 14-1: FMC Complaint Resolution Process.....	488
Appendix 14-2: Port Expansion Plans	491
Appendix 14-3: Foreign Trade Regulations: Carrier Responsibility	495
Chapter 15: Multimodal Issues	497
Freight Transportation Modes and Multimodal Issues	497
Freight Rates and Fuel Costs Help Determine Transportation Choices.....	499
Transportation Capacity and Service	505
Investment and Funding	509
Transportation Issues Affecting Agricultural Shippers	516

Conclusions	522
Abbreviations	523
Glossary.....	527
Index.....	535
Notes.....	541

Figures

- Figure 1-1: U.S. agricultural supply chain for raw and processed products 1
- Figure 1-2: Refrigerated trucks enable the trucking industry to provide special services 2
- Figure 1-3: A unit train has more than 50 cars, all of which are shipped from the same origin to the same destination..... 7
- Figure 1-4: A 1,200-foot barge tow—a common length—passes through a 600-foot lock in two stages 10
- Figure 1-5: The Estelle Maersk has a capacity of 11,000 TEUs 13
- Figure 1-6: Highways are vital to the trucking industry 15
- Figure 2-1: Peas being harvested directly into a field truck 19
- Figure 2-2: Agricultural and total freight moving on U.S. interstate system, 2002 20
